USEK Mission

Since its founding, USEK seeks, in accordance with Article 92 of the Constitutions of the OLM (ed. 2012) and the social teaching of the Catholic Church on universities, to contribute to the development of all its students through quality educational programs and research in various fields of study.

By providing a high quality American-style education to its students, USEK intends to prepare future leaders for innovation, professional growth and life-long learning, in Lebanon, within the Middle East and throughout the world. USEK is committed to a faith-based educational development of its students rooted in the Catholic tradition whereby spiritual values and ethics as well as respect for cultural and religious pluralism are promoted.

A. Academic Information

A1. Credit System

A1.1 The Credit

The biannual credit is the measuring unit of the number of hours per semester.

In the system adopted by the Holy Spirit University of Kaslik, one credit represents one teaching hour (50-minute course) per week during a 15-week semester (including examinations and tests). Therefore, a three-credit course generally represents 45 hours of attendance, including examinations. As for practical activities, tutorials, group work or laboratory activities, they represent 30 hours of attendance for every credit.

1 credit = 15 teaching hours / semester

1 credit = 30 hours of practical, directed or laboratory activities / semester

Internships in companies and hospitals, as well as projects are subject to specific regulations.

Every diploma/degree has a specific number of credits specified in the University Catalog. Credits facilitate flexibility among various university programs, as well as the mobility of students. Acquired credits are capitalized and can sometimes be transferred from one Academic unit to another; or even from one university to another.

A1.2 The Course

A course is composed of one or more credits and is academically managed by the Academic unit that determines its contents according to the objectives defined by the program of studies. Every course has its own requirements and the student cannot be registered for a course without the valid prerequisite/s, if applicable.

Class sessions are usually 75 minutes for MF and TTH classes. Students are required to wait 15 minutes before leaving if the instructor is late to class.

A1.3 The Semester

The academic year is divided into two semesters, Fall and Spring, in addition to a Summer session.

Every semester includes 14 effective teaching weeks and one week of final examinations. The Summer session includes, on average, 5 weeks, with 5 teaching days per week, including intensive courses and final examinations. It is worth mentioning that Summer session courses have exactly the same number of hours and evaluation criteria as Fall and Spring semesters.

A1.4 Student Workload

A1.4.1 Undergraduate Students

For Fall and Spring semesters, the minimum number of credits for a full-time Undergraduate student is 12 and the maximum number of credits is 18. A typical load for a full-time Undergraduate student is 15. Undergraduate students are considered part-time when they enroll in fewer than 12 credits per semester.

Following the approval of the Associate Dean, a student can register in a maximum of 21 credits, in certain circumstances considered as necessary. At the Faculty of Medicine and Medical Sciences, this approval requires the students to have a cumulative AVG of 85/100 (Summer session included).

Students with a cumulative GPA of 3.00 (new grading system) and above are allowed to register a maximum of 21 credits in a semester.

Students with a good academic standing, a cumulative GPA of less than 3.00 but not less than 2.00, and after the approval of the Dean/Associate Dean, may petition to register a maximum of 21 credits if they are graduating. In special cases, the Dean of the Faculty may also allow students with good academic standing to exceed the allowed maximum load for a regular semester, within the rules and regulations of the University.

A student on probation can only be registered for 12-13 credits. He/she is advised to register in the course that he/she has to repeat in order to get out of the probation status.

N.B.: *A student enrolled in a Double Degree can register in a maximum of 21 credits per semester. However, a minimum of 12 credits should be dedicated to the priority program.*

For the Summer session, students can register for a minimum of 1 credit and a maximum of 6 credits. Following the approval of the Associate Dean, an undergraduate student can, in certain cases, register for a maximum of 9 credits. Students on probation can only register for courses they have to repeat and for a maximum of 6 credits.

A1.4.2 Graduate Students

For Fall and Spring semesters, the minimum number of credits for a full-time Graduate student is 6 and the maximum is 10. Following the approval of the Associate Dean, a student in certain circumstances can register in a maximum of 12 credits. Additionally, certain programs may require an even greater number of credits.

A student on probation can only register for courses that he/she should repeat and for a maximum of 6 credits. He/she is advised to register in the course that he/she has to repeat in order to get out of the probation status.

N.B.: *A student enrolled in a Double Degree can register in a maximum of 15 credits per semester. However, a minimum of 9 credits should be dedicated to the priority program*

A2. Program Framework

USEK offers a wide range of programs leading to a degree such as Bachelor, Master or PhD which defines the students' educational level.

A2.1 Degree

The Bachelor degree is offered according to a predefined structure, consisting of 90 credits at least, and offered in the form of general education courses, elective courses and major courses.

Students who fulfill the admission requirements to the sophomore year along with one academic major requirements (overall credits are at least 120 credits including freshman) will be granted a diploma indicating their academic major and degree.

A2.2 Major

The field of academic specialization within the bachelor degree. It is defined as the departmental requirements set forth in the catalog, having a minimum of 48 credits. Interdisciplinary majors may include courses from more than one related academic discipline.

A2.3 Emphasis

The Emphasis consists of a set of courses in a "specialized area" within a major and is considered as part of the major curriculum. Emphases are available only to students enrolled in the major under which the Emphasis is listed.

To declare an Emphasis, students submit a Declaration Form to the Registrar Office. The form requires the approval of the Head of the department offering the Emphasis.

Students must meet minimal course and grade requirements, as determined by the Head of the department offering the Emphasis, or have to go through the required admission procedure (when needed) in order to be accepted into the desired Emphasis.

Emphasis requirements will follow the catalog year of the student's primary major. Emphasis cannot be awarded after a Bachelor's Degree is awarded.

A2.4 Double Major, Double Degree and Academic Minor

Students with diverse and multiple areas of interests can consider adding to their primary academic major a double major, a double degree or a minor which will allow them to explore another field of inquiry in parallel to their main subject of specialization.

A2.4.1 Double Major (single degree)

Students cannot apply simultaneously for a minor program and a double major. The double major is a single degree program, in which the students are expected to fulfill the requirements of two different academic majors with a close or similar degree structure within the same Academic unit (e.g. Political Sciences AND International Relations). By the end of the academic path, the student will earn a single diploma on which both majors are indicated. Students are requested to fulfill the General Education requirements once.

To declare a double major, students submit a request at the Registrar Office. The request requires the approval of the Head of the department offering the primary major and the approval of the Head of the department offering the second major.

Students must meet minimal course and grade requirements, as determined by the Head of the department offering the second major, or have to go through the required admission procedure (when needed) in order to be accepted into the desired major.

The second major requirements will follow the catalog year of the student's primary major. The second major will not be awarded after a Bachelor's Degree is awarded.

A2.4.2 Double Degree (two diplomas)

Students cannot apply simultaneously for a minor program and a double degree. The double degree is an academic path that leads to two different diplomas. The students are expected to fulfill the graduation requirements of two different academic majors, not necessarily within the same Academic unit or with similar degree structure. By the end of the academic path, the students will earn two diplomas. Students are requested to fulfill the General Education requirements once.

To declare a double degree, students submit a request at the Registrar Office. The request requires the approval of the Head of the department offering the primary major and the approval of the Head of the department offering the second degree.

Students must meet minimal major course and grade requirements, as determined by the Head of the department offering second degree, or have to go through the required admission procedure (when needed) in order to be accepted into the desired program.

The second degree requirements will follow the catalog year of the student's primary major.

A2.4.3 Academic Minor

Students cannot apply for two minor programs at the same time. Academic minors are reserved for undergraduate studies and organized around a specific set of objectives, defined according to each field, which are achieved through a set of structured courses, not necessarily related to exclusively one discipline. Minors are expected to provide students with necessary knowledge and primary competencies.

Academic minor consists of 15 to 21 credit hours depending on the chosen subject, as specified in the catalog, with at least 9 credits chosen from courses at the upper level (code 300 or above). A group of courses are offered to students allowing them to choose the topics that they may be interested in to complete the required credits, while maintaining a degree of flexibility.

Courses taken in a minor may be transferred to fulfill other academic requirement, e.g. majors, general education, without reducing or affecting the minimum number of credits required for a degree. No more than 6 credits may be counted as transferred credits (from another institution). However, students enrolled in a double degree cannot apply for a minor. Students cannot apply for a double minor as well.

To declare a minor, students should submit a request at the Registrar Office or online upon completing 30 credits of major study. The request requires the approval of the Head of the department offering the primary major and the approval of the Head of the department offering the minor. The deadline for declaration of minor is the 13th week of a semester. However, no student can declare a minor in the same discipline of his major.

Students must meet minimal course and grade requirements, as determined by the Head of the department offering the minor, to be accepted into the desired minor. Hence, students are not allowed to register for more than 21 credits per term from which 12 credits pertain to the major and 9 credits to the minor.

The minor requirements will follow the catalog year of the student's primary major. The minor will not be awarded after a Bachelor's Degree is awarded.

The academic minor will be indicated on the student's transcript and not on the diploma. Its AVG is calculated along with the overall AVG of the major.

A3. General Education

General Education aims to endow students enrolled in the Undergraduate studies program with value learning, intellectual inquiry and cultivation of particular skills to become thoughtful and engaged and active citizens of the country, the region and the world while bringing them to a critical and appreciative understanding of religious tradition, ethical theories and more development.

To this end, 30 credits of the Undergraduate studies curriculum are devoted to General Education that includes basic general knowledge, common and proper to USEK while taking into consideration that students who are enrolled in professional fields such as sciences and engineering should be exposed to the humanities and social sciences and students enrolled in humanities fields should be aware of natural sciences and quantitative reasoning:

- English and French Communication (3 to 6 credits)
- Religious Sciences (3 credits)
- History of Lebanon (3 credits)
- Quantitative Reasoning (3 to 9 credits): Mathematics / Statistics / Information Technology
- Civic Engagement (2 credits)
- Sports (1 credit)
- Arts and Humanities (3 to 6 credits): Ethics and Justice / Arts / Philosophical Inquiry / Literature
- Behavioral and Social Sciences (3 to 6 credits): Psychology / Sociology / Politics / Economics
- Sciences and Health (3 to 9 credits): Biology / Chemistry / Physics / Agriculture / Nutrition / Environment / First Aid and Emergency Care

For more details, please refer to the General Education requirements in the University Catalog.

A4. Advising and Academic Support

Upon registration and for the duration of their enrolment, students can refer to their assigned Academic Advisor. This Advisor should be a full-time faculty member appointed by the Dean/Director according to the student's program. The period of the academic orientation is fixed during each semester in the Academic Calendar.

The Academic Advisor guides the student's choices and informs him/her about the current regulations.

When the student changes his/her academic cycle or program, he/she refers to the new Academic Advisor assigned by the Dean of the relevant new Academic unit.

B. Admission

B1. Admission Application

B1.1 Admission Form

The admission application can be downloaded from the University website or taken directly from the Orientation Office or filled online. The applicant can make the choice of three majors in his/her file.

The admission application should be completed, returned and accompanied with all the required documents, to the Orientation Office within the deadline specified in the Academic Calendar. This application, along with the submitted official documents, remain the property of USEK and will be confidential.

Students with incomplete files will be admitted to USEK as Provisional Students and will sign a commitment letter. Provisional students are applicants who are holders of the Official Lebanese Baccaureate or its equivalent but FAILED to submit the requested official documents on time for a regular admission, for one term exclusively. NO official documents can be requested nor delivered during this period to Provisional students.

The voluntary transcription of incorrect information and submission of falsified documents, will automatically lead to the annulment of the admission request.

B1.2 Documents required for the Freshman Program

- Photocopy of the national identity card or photocopy of valid passport (for international students);
- Two recent passport-size photos;
- The permission to continue studying the foreign curriculum (from the Equivalence Committee of the Lebanese Ministry of Education);
- A high school diploma or school leaving certificate;
- SAT I scores.

B1.3 Documents required for Undergraduate Studies

- Photocopy of the national identity card or photocopy of valid passport (for international students);
- Two recent passport-size photos;
- A photocopy of the grades transcript of the last three high-school classes (school and/or technical) certified by the school (the first two trimesters for Gr12 classes in case the admission file is submitted before the end of the ongoing academic year);
- The certificate of the Lebanese Baccaureate or an equivalent degree, certified by the Lebanese Ministry of Education and Higher Education, when needed.
- Original recent certificate of the coverage of the National Social Security Fund or its equivalent.

B1.4 Documents required for Graduate Studies

- Photocopy of the national identity card and a recent family civil extract (for Lebanese applicants) or photocopy of valid passport (for international students);
- Two recent passport-size photos;

- The certificate of the Lebanese Baccalaureate or an equivalent degree certified by the Lebanese Ministry of Education and Higher Education, when needed;
- Certified copy of university degree(s) equivalence by the Ministry of Education and Higher Education in Lebanon, when needed;
- Official grades transcript(s) covering all previous academic work
N.B.: Applicants with academic work in progress who expect to complete an Undergraduate degree program before the intended date of enrollment at USEK must submit evidence of degree conferral and a final academic record, as soon as they are available. The Undergraduate degree must be completed prior to the start of the Graduate studies;
- Two recommendation letters given by academic referees who know the student well
N.B.: Each referee should send the letter in a sealed envelope, with his/her name signed across the seal, directly to the Orientation Office;
- A motivation letter;
- A curriculum vitae (C.V.) or e-portfolio;
- Certificate(s) of employment, if applicable;
- Original recent certificate of the coverage of the National Social Security Fund or its equivalent
N.B.: USEK students who wish to pursue their Graduate studies at USEK should only attach two recent passport photos to the Graduate Admission Application Form.

B2. General Admission Requirements

An applicant to USEK should fulfill the following general admission requirements:

B2.1 Undergraduate Studies

1. Be a holder of the Lebanese Baccalaureate or of an equivalent diploma (depending on program requirements):
 - Lebanese high school baccalaureate: Life Sciences - *LS*, General Sciences - *GS*, Literature and Humanities - *LH*, Economics and Sociology - *ES*
 - Lebanese technical baccalaureate. In this case, admission depends on compatibility between the chosen technical field and the university program being considered.
 - Freshman Arts or Freshman Science degree
2. Have completed an admission form for the Undergraduate studies program, filled online or at the Orientation Office, along with the required documents.
3. Have sufficient knowledge of the teaching language(s) of the chosen program and demonstrate a required level of English language proficiency (see section B3).
4. Meet the admission requirements of the chosen program (see section B4).
5. Pay the file opening and admission test fees; these non-refundable fees should be paid beforehand at one of the banks specified by the University.

B2.2 Graduate Studies

1. Be a holder of an Undergraduate degree or its equivalent, recognized by the Lebanese Ministry of Education and Higher Education.
2. Get the recommendation of the related unit's Graduate Admission Interview Committee.
3. Meet the additional admission requirements of the chosen program, if any.
4. Have completed the Graduate Admission Form, available at the Orientation Office, which should be submitted along with the required documents.

5. Pay the file opening and admission test fees; these non-refundable fees should be paid beforehand at one of the banks specified by the University.

B3. Language Proficiency Requirements

B3.1 Proof of Language Proficiency for Undergraduate programs

The language proficiency requirements are defined based on the delivery language of the program for which the candidate is applying. The program delivery language could be:

- **Hybrid (offered in French and English):** Courses in hybrid programs are delivered in French and English
- **English:** Courses fully delivered in English

B3.1.1 French requirements (for hybrid programs)

Students coming from French background schools are evaluated upon their school grades by the Admission and Transfer Committee and may be exempted from the 6 credits remedial courses in French language if they show evidence of French language proficiency.

Students coming from an English background are required to follow an intensive French language remedial program equivalent to 6 credits.

DELF B2 or TCF B2 applicants will be exempt from the French remedial courses.

B3.1.2 English requirements (for all programs)

Students admitted to USEK must demonstrate a level of English proficiency by presenting one of the standardized tests accepted by the University or USEK English Proficiency Test. Below are the recommended minimum scores for all the tests, accepting that these scores may be changed without prior notice:

- Redesigned SAT I Evidence-Based Reading and Writing \geq 550 / 800
- Pre-March-2016 SAT I Reasoning Test (Writing section) \geq 360 / 800
- Internet Based TOEFL iBT \geq 80 / 120
- Computer Based TOEFL CBT \geq 213 / 300
- USEK-EPT English proficiency test \geq 70 / 100

Standardized tests: Details on standardized tests could be verified at the following link:

<http://www.amideast.org/lebanon> for applicants in Lebanon.

USEK's **College Board code number is 7061**. This code allows our institution to receive SAT scores automatically.

USEK English proficiency test USEK-EPT: This test is carefully designed to measure a candidate's level of proficiency in the English language, and place him/her in the appropriate English course. It includes sections on structure and language use, vocabulary and written response, reading and comprehension, and essay writing.

Placement rules: According to his/her results and based on the following rules, a student may have to enroll in an English Language remedial program (ENG130 and ENG140) equivalent to 9 to 15 credits:

English remedial courses	Redesigned SAT	TOEFL IBT	TOEFL CBT	IELTS	USEK-EPT
ENG130-Basic English 9 cr Students taking ENG130 are not allowed to start with their major courses	200-430	\leq 56	\leq 152	\leq 4.5	\leq 50
ENG140-Academic English 6 cr	431-549	57-79	153-212	5-5.5	55-65

B3.1.3 Arabic requirements (for specific programs)

Some programs may also require an Arabic proficiency level. A student's Arabic proficiency level will be evaluated upon the school grades by the Admission and Transfer Committee and he/she may be exempt from taking a three-credit remedial course in Arabic if he/she shows evidence of Arabic proficiency.

B3.2 Proof of Language Proficiency for Graduate programs

All graduate applicants will be evaluated based on the transcripts and the interview conducted as part of the admission process. If needed, they will have to pass the language proficiency tests.

B3.3 Language remedial courses

A student admitted under the condition of following remedial courses should register for these courses upon his/her first semester at USEK. Any violation of this rule will lead to the termination of his/her admission.

English remedial courses	Redesigned SAT	TOEFL IBT	TOEFL CBT	IELTS	USEK-EPT
ENG130-Basic English 9 cr Students taking ENG130 are not allowed to start with their major courses	200-430	≤56	≤152	≤4.5	≤50
ENG140-Academic English 6 cr	431-549	57-79	153-212	5-5.5	55-65

The minimum grade to validate a remedial course is 70/100. However, this grade will be mentioned on the academic transcript as a "PR".

In the Undergraduate Program, a remedial course cannot be taken more than two times (can only be registered twice maximum) under penalty of being excluded from the University. Nevertheless, the student can present a petition to the Faculty asking to reconsider his/her case for one last chance before exclusion. During his/her program of studies, a student who has to validate the remedial course can, if he/she wishes, present an exemption request for one or all remedial courses in French and/or English in case he/she validates, outside the University, the DELF B2 / TCF B2 or the TOEFL / SAT, or presents the English proficiency test and passes it.

If this validation takes place during the first semester, the student who has an exemption request for one or all remedial courses should not necessarily be registered at one or all remedial courses which are subject of exemption. A student who presents an exemption request for one or all remedial courses necessarily has to be registered, during the semester when he/she submits the request, in the remedial course(s) that will be subject to exemption. Therefore, he/she has to submit the related form at the Registrar Office.

N.B.: An exemption request for one or all remedial courses must be made no later than five days before the date of the last placement test before the final exam.

B4. Specific Admission Requirements for the Chosen Program

Applicants to USEK should meet the specific requirements of the chosen program.

B4.1 Undergraduate

1. Candidates for the **Freshman Program (Arts and Sciences)** are applicants who have completed 12 years of schooling and have submitted an application at the Orientation Office within the specified deadline available on the Academic Calendar.

The freshman program, Freshman Arts or Freshman Sciences, is a major-less program composed of 30 credits, completed during two semesters. The curriculum of the freshman program is based on the requirements of the Ministry of Education – LMOE Equivalency Committee where 6 credits should be taken from the "Mathematics and Natural Sciences" category and 9 credits from the category of "Humanities and Social Sciences".

The student may choose freely the remaining 15 credits from the different categories of the proposed freshman courses.

In order to apply for the freshman program, students should have completed the SAT I subject Tests (Math, Evidence Based Reading and Writing) during their high school year and the SAT II tests prior to or during their freshman year.

Requirements to apply for the Freshman Program:

- 1- High School certificate based on 12 years of schooling, starting with grade I, awarded by a public or private school and recognized by the Lebanese Ministry of Education and Higher Education.
- 2- An official permission from the Lebanese Ministry of Education and Higher Education for the Lebanese applicants.
- 3- Recommended score for Redesigned SAT I (Evidence-Based Reading and Writing + Math) 1000/1600 when applying to the program. Upon completion of the Freshman year, they are expected to sit for the Redesigned SAT II and score as follows:
Freshman Arts: a minimum of **2150** on both Redesigned SAT I and Redesigned SAT II (SAT I + SAT II)
Freshman Sciences: a minimum of **2300** on both Redesigned SAT I and Redesigned SAT II (SAT I + SAT II)

After the completion of the Freshman year, students will be able to submit an application at the Orientation Office to apply for the desired sophomore programs based on his/her GPA.

2. Candidates for the **Humanities and Art Programs** are expected to fulfill general requirements and to demonstrate language proficiency for university level and have a recommended score for Redesigned SAT I (Evidence-Based Reading and Writing) $\geq 550/800$.
3. Candidates for **Business, Architecture, Engineering, Medicine and Sciences Programs** are expected to fulfill general requirements and to demonstrate language proficiency for university level in addition to the following requirements:
 - **Architecture:** Recommended score for Redesigned SAT I (Evidence-Based Reading and Writing + Math) $\geq 1200/1600$ or USEK Math Entrance exam $\geq 70/100$
 - **Business Programs:** Recommended score for Redesigned SAT I (Evidence-Based Reading and Writing + Math) $\geq 1100/1600$ or USEK Math Entrance exam $\geq 70/100$
 - **Engineering:** Recommended score for Redesigned SAT I (Evidence-Based Reading and Writing + Math) $\geq 1250/1600$ (where Math ≥ 650) or USEK Engineering Entrance Exam $\geq 75/100$
 - **Medicine:** Pass the USEK Medicine Entrance Exam, required for students applying for BS in Health Fundamental Sciences. Students wishing to join the Medical School may require MCAT scores (refer to the Faculty concerned)
 - **Sciences Programs:** Recommended score for Redesigned SAT I (Evidence-Based Reading and Writing + Math) $\geq 1100/1600$ or USEK Math Entrance exam $\geq 70/100$

SAT scores could be sent automatically to USEK's **College Board code number 7061**.

Undergraduate programs	Common requirements	Specific admission requirements for the chosen program
Humanities and Arts Programs	General Admission Requirements and Language	Redesigned SAT I (Evidence-Based Reading and Writing) $\geq 550/800$
Architecture		Redesigned SAT I (Evidence-Based Reading and Writing + Math) $\geq 1200/1600$ or USEK Math Entrance exam $\geq 70/100$

Business Programs	Proficiency Requirements	Redesigned SAT I (Evidence-Based Reading and Writing + Math) \geq 1100/1600 or USEK Math Entrance exam \geq 70/100
Engineering (including Agricultural)		Redesigned SAT I (Evidence-Based Reading and Writing + Math) \geq 1250/1600 (where Math \geq 650) or USEK Engineering Entrance Exam \geq 75/100
Medicine		USEK Medicine Entrance Exam / MCAT
Sciences Programs Nutrition and Food Sciences, Sciences, Nursing Sciences		Redesigned SAT I (Evidence-Based Reading and Writing + Math) \geq 1100/1600 or USEK Math Entrance exam \geq 70/100

B4.2 Graduate

Interviews are mandatory for admission to all Graduate programs and apply for all applicants. Tests may apply to particular programs (refer to the Faculty concerned).

B5. Admission Tracks and Specific Requirements

There are four tracks for admission into the Undergraduate studies program at USEK:

- Regular admission
- Admission on file
- Admission on title
- Admission by file transfer

Regardless of the chosen admission track, the candidate should abide by:

- General admission requirements;
- Language proficiency requirements;
- Specific requirements for the chosen program;
- Specific requirements for the chosen track.

B5.1 Track 1: Regular Admission

All applicants fulfilling the General Admission requirements and Language proficiency requirements are eligible for Regular Admission to sophomore within the predefined deadlines.

B5.2 Track 2: Admission on File

Admission on file is available to Grade 12 students. Grade 12 students should submit their completed files to the Orientation Office according to the dates determined in the Academic Calendar, available on the USEK website or from the Orientation Office. In case of linguistic deficiency in the teaching language of the target program, the file will be rejected.

The relevant Academic unit studies the applicant's file and decides on the admission on the following:

- The grades of the applicant during high school;
- The results of Redesigned SAT 1 (Math and Reading sections only) from the year before;
- The mastery of the concerned languages;
- The letter of recommendation from the high school principal.

Applicants admitted on file are eligible to apply for a scholarship, according to the criteria specified by the Regulations of Granting Excellence Scholarships and Merit Scholarships.

Remarks:

- The final admission of the applicant depends on passing the Lebanese Baccalaureate (or any other equivalent degree);
- Applicants to the Medicine program cannot submit an application for Admission on file. They are required to pass an entrance exam.
- Valid for the ongoing academic year

B5.3 Track 3: Admission on Title

Those applicants with High Distinction in the official Baccalaureate are eligible for admission on title for the academic year following the baccalaureate. In case of linguistic deficiency in the language of the target program, the file will not be accepted.

The chosen faculty considers the applicant's file and decides on admission based on the following:

- The mastery of the concerned languages;
- The high school grades of the applicant;
- The letter of recommendation from the high school principal;
- The official grades of the Lebanese Baccalaureate or its equivalent.

Applicants admitted on title can benefit from a scholarship with an amount up to the full cost of study (excluding registration fees and NSSF). Maintaining the scholarship beyond the first year is dependent on the student's AVG and the Regulations of Granting Excellence Scholarships and Merit Scholarships of USEK.

Remarks:

- If a correlation is not found between the score of the applicant in the official exam, their grades in high school and the assessment given by the school, the admission will be refused;
- Applicants to the Medicine program cannot submit an application for Admission on title, unless they have Excellent Distinction and average of 18.5/20 in the Lebanese Baccalaureate. They are required to pass an entrance exam.

B5.4 Track 4: Admission by File Transfer

Applicants who have previously pursued academic studies in another university accredited by the Lebanese Government or in a technical studies institute, and wish to pursue their studies at USEK, should fill in an admission application and tick the "Transfer" box. Any transfer request should be submitted, through an admission application, **within at least four weeks** prior to the beginning of the registration period.

Transfer requests should be accompanied with all the required documents for admission to USEK, and with detailed descriptions of the potential transferable courses (specifying the number of hours), in addition to the latest academic transcript; noting that the admission is applicable, in such case, based on the secondary school grades and the university transcript. Courses cannot be transferred if earned as an internship, thesis or seminar. Furthermore, applicants requesting a file transfer option may be required to take a Language Proficiency Test in English and/or Arabic according to the chosen program.

Following the evaluation of the file and the study of the applicant's references by the hosting Academic unit and the Admission and Transfer Committee, all transferable courses will be validated by the letter 'T'. The assessment of the credits likely to be transferred is based on the criteria defined by the academic regulations of the University:

- The course and its prerequisite/s must be validated by transfer
- The course validated by transfer must have the same credit hours as its equivalent at the Holy Spirit University of Kaslik;
- For the Undergraduate level, the minimum grade required in the university of origin and that is transferable is 10/20 on the French scale (70/100 according to the US one). In alphabetical rating scale according to the ECTS *and American credit system*, validated courses with A, B and C will be transferred. For the Graduate level, the minimum grade required in the university of origin and that is transferable is 80/100, a B in alphabetical rating.

- Courses validated for more than six years before the admission date, shall be reviewed by the related department and approved by the Admission and Transfer Committee so that they can be considered as transferred credits;
- The number of transferred credits cannot exceed 49% of the total number of credits required for Undergraduate and Graduate studies;
- All transferred credits are declared and validated during admission to the Holy Spirit University of Kaslik - afterwards, no transferred credits can be added;
- If a student registers for a course at USEK that has already been transferred from another institution, this transferred course will be deleted from the transcript and replaced by the grade received in the course taken at USEK;
- Courses taken at USEK cannot be repeated at another institution and transferred back to USEK.
- Courses cannot be transferred if earned from an internship, thesis or practicum and degree minimum residency requirements is maintained.

The grade T will be given to the transferred courses and the student cannot repeat a transferred course by registering for its equivalent in the Holy Spirit University of Kaslik.

The Transfer File has to be submitted, along with all required documents, to the Orientation Office, at least four weeks before the beginning of the registration period.

Engineering courses, to be transferable, must be originating from ABET accredited programs. A transfer to the Faculty of Engineering, to the programs of B.A. in Architectural Studies, to the Bachelor of Engineering Sciences – Food Engineering and to the Diploma in Agricultural Engineering is accepted only if a student is coming from a program from a Faculty of Engineering, of Agricultural Sciences, and of Fine and Applied Arts recognized by the Order of Engineers and Architects. Candidates who wish to get a transfer to the Faculty of Engineering should necessarily sit for an English placement test.

Transfer is not accepted for a student in a probationary situation.

B6. Admission Calendar

Applicants are responsible for consulting the USEK Calendar on the University website to check for the schedule of the admission test, or they can refer to the Orientation Office directly.

B7. Admission Validity

The admission is only valid for the ongoing academic year for Undergraduate and Graduate studies. The applicant who does not register for one or two semesters during the academic year in which he/she is accepted, will lose his/her right of admission and he/she will have to submit a new application form to be studied according to the existing admission conditions.

No admission is authorized for the Summer session, noting that the first registration at USEK should take place during Fall or Spring semesters.

The admission to the Medicine program is only valid for one semester.

B8. Special Admission Types

B8.1 Admission of the *Ungraded Attendee*

The *Ungraded Attendee* status enables interested candidates to register at USEK in order to take courses, without any previous conditions of having a diploma/degree or undertaking a test. Applicants for the *Ungraded Attendee* status have to fill an admission application at the Registrar Office, along with a photocopy of the identity card and two passport photos. The file will be examined by the Admission Committee in cooperation with the Head of the Academic Unit related to the chosen courses.

The *Ungraded Attendee* will receive, at the end of the semester or of the Summer session, a certificate of

attendance or a transcript with the grade U (Ungraded). If the *Ungraded Attendee* does not attend the class as a regular student, he/she will get the grade “R” and will not receive any certificate. He/she does not benefit from the scholarship granted to students (scholarships, student Social Security). The *Ungraded Attendee* must pay all the fees of registration and studies at the beginning of the semester.

N.B.: *Candidates for the status of Ungraded Attendee can register in a maximum of 12 credits per semester within the limit of available places in each course.*

B8.2 Non-Degree and Visiting Students ⁽¹⁾

⁽¹⁾ A visiting student can be an international student coming to USEK not in the framework of an agreement as for the International Exchange Students.

The purpose of the application of non-degree and visiting students is to pave the way to their enrollment for a short period of study and not for a whole curriculum.

Applicants must submit the following documents:

- A completed application form;
- An official copy of school / university transcript with information about the rating scale;
- Two letters of recommendation required for visiting students: one from a school advisor and the other from a professor;
- A photocopy of passport or identity card (if local);
- Non-refundable registration fee of 100,000 LL or 67 USD.

To pay the costs of application and registration, applicants (s) who send their applications by mail should include a written check to the Holy Spirit University of Kaslik. The application fee can also be paid by bank transfer, in reference to the name of the applicant. Applicants who submit their applications personally should pay the expenses to the Accounting Office in the ground floor of Building A.

B8.3 Admission of a Visiting Student

This category applies to a student who is currently enrolled in a degree program outside Lebanon, and who seeks to take courses at USEK as part of a recognized study abroad or of an experience of exchange and who wishes to apply or to transfer credits for courses taken at USEK to the curriculum of his/her university of origin.

Admission is normally offered during two semesters if the student enrolled in Fall semester at USEK or for two semesters if he/she starts from the Spring semester (registration may be extended for another semester depending on the course offerings and the results of the courses taken at USEK; the petition to this effect is fundamental).

Applicants should note the following:

- Visiting students must normally complete their studies in their universities of origin;
- Visiting students can normally take up to 18 credits of the Undergraduate program or 10 from the Graduate program per semester;
- Visiting students must be enrolled in an Undergraduate or a Graduate program at a university recognized outside Lebanon;
- Students' file is examined by the University Admission and Transfer Committee;
- Students must meet the language requirements in English and French.

The exemption is given to applicants whose native language is English or French, or to those who register ONLY in Arabic language courses.

N.B.: *The admission at USEK as an Ungraded Attendee or as a visiting student does not entitle the student to a regular study program at USEK.*

B8.4 Admission of a Non-Degree Student

For a student who does not want to graduate:

This category applies to students enrolled in an academic program recognized in Lebanon, having completed at least two semesters (24 credits minimum) and who do not wish to enroll in a study program at USEK. The *non-degree student* may take up to 18 credits per semester. Admission is normally offered for two semesters if the student enrolled in the Fall semester at USEK or for two semesters if he/she starts from the Spring semester (registration may be extended to another six months depending on the range of courses and on the results of the courses taken at USEK. The petition for this is fundamental).

Candidates must accept the following:

- Students can normally take up to 18 credits of the Undergraduate program or 10 from the Graduate program per semester;
- Students must have a high school diploma, a high school certificate recognized by the government or a higher level of education recognized by USEK;
- Students must have completed at least two semesters at another university recognized by USEK;
- Credits taken at USEK will be considered in USEK diplomas if the student wishes to apply as a student. He/she will then be accepted following the admission criteria;
- Students must meet the language requirements in English and French.

N.B.: *An exemption may apply.*

B8.5 International Exchange Students

B8.5.1 Admission of Incoming Exchange Students

This category applies to students enrolled in a degree program abroad in one of the USEK partner institutions (list of partners <http://www.usek.edu.lb/en/international/agreements-and-collaborations-by-country>), who wish to transfer credits taken at USEK to their university of origin. Admission is normally offered for up to two semesters (Summer session may be added), with the possibility of extension upon the approval of the home university.

Applicants must submit the following documents:

- A completed application form;
- An official copy of university transcript;
- One letter of nomination from the university of origin;
- A photocopy of passport or identity card (if local).

Applicants should also note the following:

- Incoming Exchange Students shall be enrolled in an Undergraduate or a Graduate program at a university that has a signed agreement with USEK;
- Incoming Exchange Students must be nominated by their home university;
- Incoming Exchange Students are exempted from paying the tuition fees at USEK unless otherwise stipulated in the agreement signed with the university of origin;
- Incoming Exchange Students can normally take up to 18 credits of the Undergraduate program or 10 of the Graduate program per semester. Taking additional credits must be approved by the relevant department chair knowing that the student must pay the tuition fees of the total

- number of additional credits;
- Incoming Exchange Students must meet all linguistic requirements of the requested course;
- Incoming Exchange Students shall complete their studies at their university of origin;

B8.5.2 Outgoing Exchange Students

This category applies to students regularly enrolled at USEK and who seek to take courses abroad as part of a recognized program (exchange program to one of USEK partners, special programs, scholarships) and who wish to validate at USEK the credits earned abroad. The mobility period can be of a maximum of two semesters (Summer session may be added).

Applicants should note the following:

- Outgoing Exchange Students must be enrolled and active in an Undergraduate or a Graduate program at USEK;
- Outgoing Exchange Students must complete a minimum of 30 credits for Undergraduate and 9 to 12 credits for Graduate studies at USEK before going abroad;
- Outgoing Exchange Students must have a good academic standing;
- Outgoing Exchange Students are under the obligation of registering USEK equivalent courses and covering the inherent tuition fees in due dates to ensure course recognition;
- Outgoing Exchange Students must normally complete their studies at USEK after the mobility period;
- Credits registered abroad by Outgoing Exchange Students will be considered to be transfer credits and will appear as Pass or Repeat (P/R) on the transcript.

C. Registration

C1. Pre-Registration

During the sixth week of classes, educational orientation aiming at guiding students regarding their pre-registration is conducted within Academic units by the Head of the department and Academic Advisors. Students wishing to make a change in the program must submit their application before the deadline set on the Academic Calendar.

During the eleventh week, pre-registration takes place online. The period given to the online pre-registration is similar to that attributed to common registration (one week).

Online pre-registration is conditioned by the following criteria:

- The courses of the current semester are considered successfully completed (in other words, registration in the courses with the prerequisites is done).
- All courses registration restrictions should be respected as defined in the course catalog. The “overrides” are not feasible.
- The student is entitled to a maximum registration of 18 credits in Undergraduate programs and 10 credits in Graduate programs.
- During the registration period for the following semester, the code "PR" of the pre-registration carried out by the student must be confirmed online, by “Complete Registration”.
- A student who fails to confirm or drop his/her courses during the registration period will be subject to a penalty fee.
- If the prerequisite courses considered successful in the pre-registration are not successfully completed, the confirmation of courses attached therein cannot be made.
- By the end of the semester, the student in Undergraduate programs placed in a probationary situation will only validate his/her registration from 12 to 13 pre-registered credits. Students in Graduate programs will validate the registration of 6 pre-registered credits.

Non cancellation of pre-registration will be subject for a penalty fee. If students wish to cancel their respective pre-registration, they must send an email to the Registrar at registrar@usek.edu.lb to initiate their request.

C2. Registration

Course registration is done at the beginning of every semester or the Summer session, exclusively online according to the Academic Calendar. The student will have to confirm the courses chosen during the pre-registration period. For those who could not register within the established deadlines, it will be possible for them to undergo Late Registration during the Add/Drop period, but they will be subject to penalty fees.

For his/her first registration, the student confirms his/her choice of program in the Orientation Office or on the University website. After 24 to 48 hours, he/she can proceed with the settlement of the first payment of tuition fees at one of the banks listed in the admission application and on the University website.

The first installment of tuition fees includes: the registration fees, the National Social Security Fund fees fixed by the government, and the first term of tuition fees (the full table on the fees is available on the USEK website).

The amount of the first installment, fixed by the University, is similar for all students of the same program, regardless of the number of credits that the student is willing to register in, and even though he/she benefits from a financial aid (in this case, the financial adjustments will take place after the registration period). If the amount fixed by the University exceeds the tuition fees related to the student’s semester (for example in case of a final year student), the student should then proceed to the secretariat of the related Academic unit, fill out the relevant final payment form and have it signed by the Associate Dean of the related Academic unit or Head of department, and pass it by the Registrar Office before submitting it to the Social Service Office. He/she can then settle the first payment the next day.

Once the first payment of tuition fees is set up, the student can register his/her courses during the period defined by the Academic Calendar (the student should wait 48 hours at least after depositing the payment at

the bank before being able to register his/her courses). The payment should therefore be paid within 48 hours before the end of the registration period. Otherwise, the student will have to undergo a Late Registration and pays a penalty for the amount announced during the registration period.

The student should consult in advance the timetable of the courses on the University website and register in his/her courses.

Steps to follow for course pre-registration / registration:

- Consult in advance the course offering on the USEK website (usek.edu.lb) and choose courses according to the chosen program. With the exception of final year students who have been issued exemption from this rule by the Head of Department, approved by the Dean, the student is required to register in 12 credits at least at the Undergraduate level and 6 credits at least at the Graduate level.
- Meet, in case of a need, with the Academic Advisor to choose his/her courses.
- Proceed to the online pre-registration / registration on the Banner Self-Service during the fixed registration period in the Academic Calendar.

***N.B.:** During the Drop/Add period, the student should also consult his/her Academic Advisor. A student can request the desired Drop/Add Online. A course in the course offering may be canceled for major administrative purposes at the end of the registration period. Students and teachers will be notified of its closure by the concerned authorities. The adjustment of registration may be done during the Drop/Add period.*

C3. Course Section Language

The University offers course sections in three languages: English, French and Arabic. While registering, the student should refer to the course section to make his/her choice:

- E : English section code
- F : French section code
- AR : Arabic section code
- Other languages: IT: Italian section code / CH: Chinese section code / PR: Persian section code / SP: Spanish section code / SY: Syriac section code / PT: Portuguese section code / LA: Latin section code / DE: German section code.

C4. Registration Requirements for Specific Courses

C4.1 Tutorship course

A Head of Department can ask the Dean/Director of the Academic unit to allow a student to follow one tutorship course, only when all the following conditions are fulfilled:

- 1) The student is registered in his graduation term;
- 2) The student could not validate this course on time, for legitimate reasons and this course is not offered in the semester during which the student might finish his/her program;
- 3) The course cannot be taken externally;
- 4) The Department has checked for the approval of a specialized teacher in the Department.

Notwithstanding the above:

- No failed obligatory course can be subject to tutorship, unless the concerned course cannot be offered anymore due to a modification in the program.
- A student cannot be allowed to follow more than one tutorship course in his/her entire program.

C4.2 Master Thesis

The Master thesis is worth 3 to 9 credits and can be completed in one or two semesters.

During the first registration for the Master thesis, the student registers for module 6XX A during a semester and pays the corresponding tuition fees.

After this first registration, the student:

- obtains a numeral grade (grade received upon the thesis defense);
- or
- obtains the grade IP and should register in the following semester for the module 6XX B (while paying only the registration fees).

After the registration for the module 6XX B, the student:

- obtains a numeral grade (grade received upon the thesis defense);
- or
- obtains the grade IP and should register for the module 6XX B, for the last time (while paying only the registration fees).

N.B.: A student can only register for his/her thesis for 3 consecutive times in total (6XX A; 6XX B; 6XX B). When he/she exceeds these 3 registrations, the student will be given the grade R and should, in case he/she wishes to reregister, submit a request for exemption to explain the reasons of his/her new registration request for a new thesis. The Academic unit council studies the request of the student, who, in case of a positive response re-registers for the module 6XX A, and has to pay the registration fees and tuition fees according to the number of thesis credits he/she is registered for.

A student can only register along with his/her thesis 6XXA one course of 3 credits maximum whereas with the 6XXB cannot be registered with any other course.

C5. Administrative Substitution of a Course

In exceptional circumstances, the Head of Department can ask the Dean/Director of the Academic unit to allow a regular student to follow a course other than the one included in the program, notably when this student is not able, for legitimate reasons, to follow this course as defined by the program, or when the course offering does not allow him/her to attend in the semester during which he/she might finish his/her curriculum. In this case, the course is replaced with another one of the same level within the same major and within the program's field of knowledge.

Notwithstanding the above:

- No failed obligatory course can be subject to administrative substitution, unless the concerned course cannot be offered anymore, due to a modification in the program.
- A student cannot be allowed to follow more than two substitution courses in undergraduate studies and one substitution course in his graduate studies.
- General Education courses cannot be substituted by courses required by the programs of Faculties/Institutes and *vice versa*.

C6. Cross-Registration

Within the framework of agreements signed between USEK and other Lebanese and foreign universities, a student may attend one or two courses in another university, after having obtained first the authorization of his/her Department and the approval of the Dean/Director of his/her home Faculty/Institute. The student should pass by the Registrar Office to fill in the respective form and to submit the required documents.

Courses attended in another institution should be deemed equivalent to those of the current program; the equivalency decision being issued by the Admission and Transfer Committee.

In order to be able to follow external courses, the Undergraduate student must abide by the following conditions:

- The student must be registered in his/her last semester;
- The student must not have failed his/her course(s) before;
- The courses attended in Lebanon, even though in another university, should not be taught within the student's original Academic unit during the semester in question;
- The Head of the department must send, to the Registrar Office, a written statement certifying that all requirements are met by the student;
- The Registrar Office authorizes, in writing, the cross-registration. This authorization is delivered by the student at the hosting university.

The final grade for each course should be directly reported by the host university, according to the grading system adopted by USEK, to the Dean/Director of the Academic unit who will report it to the Registrar Office. This grade (T) will be registered on the academic transcript and is accounted for with the remaining grades, when calculating the student's Grade Average and General Average per Semester; In addition to the registration fees of USEK, the student should pay all the necessary fees of the host university.

C7. Changes to a Registration

C7.1 Add/Drop

Once registration is closed, a student can, if he/she wants, modify the registration during the Add/Drop period (as stated in the Academic Calendar). In order to do so, the student should submit an online request petitioning via add or drop request. A student who performs Add/Drop has to maintain his/her status as a full-time student (a minimum of 12 credits for undergraduate studies and a minimum of 6 for graduate studies). No courses can be dropped during the Summer session.

C7.2 Withdrawal

After the Add/Drop period, every withdrawal from a course must be subject to a previously written request before the authorized due date, as fixed in the Academic Calendar. To this purpose, the student must submit a request at the Registrar Office, have it signed by the related teacher and the Head of Department before submitting it to the Registrar Office. The deadline for the official withdrawal from a course is fixed, unless otherwise noted, at the 13th week of the semester (or 4th week of the Summer session). It is worth mentioning that an absence during midterms or finals does not lead, in any case, to the withdrawal from the course.

If a student is allowed to withdraw from a course, the latter will be displayed on his/her academic file with the grade W; the course fees cannot be reimbursed or deducted from the general fees the student has to pay. Furthermore, a withdrawal from a course does not lead to any modification in the student's University fees. In addition, a student, having withdrawn from a course during the semester, cannot apply for a scholarship of merit for the following semester, even if all other required conditions are fulfilled.

The withdrawal from a course will be refused if a student's credits per semester drop below the minimum number of 12 credits per semester for Undergraduate studies and a minimum number of 6 credits for Graduate studies.

C7.3 Term Withdrawal

If a student cannot complete a semester and has to withdraw from all his/her courses after the Add/Drop period for major reasons, such as serious health problems or exceptional family circumstances, the University administration can attribute the grade WW (Term Withdraw) to each course. In order to obtain a Term Withdrawal, the student has to submit the relevant official form from the Registrar Office. If the withdrawal from a course is not officially done, the student will be given the failing grade FW (Fail to Withdraw) by the teachers concerned, for every course at the end of the semester.

A student who gets a WW grade, will have to pay all his/her University fees, as they were calculated during his/her registration.

N.B.: A term withdrawal can only be granted to a student once during his/her university curriculum.

C7.4 Deregistration

Deregistration is the dropping of all courses during the registration and during Add/Drop period. During the registration and add/drop period, the student can drop all his/her courses. For current students, students who have recourse to deregistration, while they were registered during the previous semester/session at USEK, the deregistration request must be accompanied by a request for the interruption of studies. The latter must also be submitted to the Registrar Office via an appropriate form and the interruption of studies will be noted in the student's academic file. In case of deregistration during the Add/Drop period, the student can ask the Registrar Office for a refund. First term medical students cannot apply for a refund of first payment. Then, the entire amount of study fees, which have been already paid, will be refunded. However, the student has to pay a penalty, which amount is fixed by the University (to view the fees, consult the University website).

D. Tuition and Financial Aid

D1. Registration Fees

The registration fees for each semester are fixed by the University for all sections and Regional University Centers, and are non-refundable (excluding academic services and Summer sessions). The fees are available on the University website.

D2. Tuition Fees

The cost of a credit varies according to the level of studies and the chosen specialization. The complete table of fees is available on the USEK website. The cost of a credit is subject to change; the administration reserves the right to review and modify fees for the coming years. All likely modifications of a credit cost are reported in advance to students through bulletin boards, the University website and MyUsek. It is the responsibility of each student to keep well-informed with University news and announcements by regularly consulting these means of communication.

The fees are applied in all USEK branches. However, students registered in one of the three Regional University Centers automatically benefit from a 20% reduction on their tuition fees; this reduction does not include the fee for opening a file, the registration fee and the NSSF membership fee.

N.B.:

- *A student registered in any of the three Regional University Centers of Zahle, Chekka and Rmeich and, thus, benefiting from a 20% subsidization of his/her study fees, will have to pay the full fees pertaining to the course credits attended on USEK's Kaslik campus; without any subsidy if the same course is given in his/her home campus.*
- *A student registered in the Kaslik campus does not benefit from the 20% subsidization of his/her study fees pertaining to the course credits in one of the three Regional University Centers of Zahle, Chekka and Rmeich.*
- *If the student registered in any of the three Regional University Centers of Zahle, Chekka and Rmeich, benefits from a scholarship or social aid, the amount in question will be applied to the subsidized tuition fees.*

D3. Membership Fees to NSSF

Membership fees to the National Social Security Fund (NSSF), as fixed by the government, are annual. Students already affiliated to the NSSF, or an equivalent fund, are required to submit an exemption form at the NSSF Delegate Office to ensure that the fee paid in advance is credited to their account during the registration. The relevant form can be downloaded from *MyUsek*, the University Intranet and from the USEK website (usek.edu.lb). It should be completed and submitted before the end of the fourth week of classes; the date is fixed in the Academic Calendar.

D4. Payment Procedure

The student should pay his/her university fees in three installments per semester and two installments for the Summer session.

Failure to comply with payment installments, as stated in the Academic Calendar, will lead to a 5% financial penalty calculated according to the amount due. Students who do not settle their payment on time will not be able to continue with any administrative procedure.

It is the responsibility of each student to make sure that his/her tuition fees were paid within the deadlines established by the administration of the University.

D5. Refund

No refunds are granted unless in case of deregistration (refer to: Refund after Deregistration).

D6. Financial Aid

Faithful to the mission of the Lebanese Maronite Order, USEK is committed to help every Undergraduate student facing personal, relational, family, financial or medical difficulties without any discrimination related to religion, culture or nationality.

The Social Service Office proposes financial aid programs allowing the spreading out or the reduction of the tuition fees until the second year of studies. These donations are valid for one academic year, and are not automatically renewed. Applications must be submitted between April and June of the current year for the student to benefit from next year's reduction.

The office reserves the right to withdraw a granted financial aid in the following cases:

- Disciplinary action against the student;
- Student placed on probationary situation;
- Other reasons deemed plausible.

E. Assessment and Grading System

E1. The Grading System

E1.1 The Grading Table

Courses at USEK are graded on a scale of 100. The final grade given by the instructor is converted to a letter grade corresponding to U.S. 4 points grading scale, where the final cumulative grade is called a GPA. The grade point average (GPA) is calculated by dividing the total amount of quality points earned by the total amount of credit hours attempted. The grade point average may range from 0.0 to a 4.0.

Letter Grade	Quality Pts	Grade /100
A+	4.0	≥93
A	4.0	92-90
A-	3.67	89-87
B+	3.33	86-83
B	3.0	82-80
B-	2.67	79-77
C+	2.33	76-73
C	2.0	72-70
C-	1.67	69-67
D+	1.33	66-63
D	1.0	62-60
F	0	59 or below
IP	In Progress	
I	Incomplete	
W	Withdraw	
AW	Administrative Withdraw	
WW	Term Withdraw	
FW	Fail to Withdraw	
P / R	Pass / Repeat	
PR / RR	Pass Remedial / Repeat Remedial	
T	Transfer	
U	Ungraded Attendee	
G	Granted	

E1.2 Calculating the Average (AVG) and the Grade Point Average (GPA)

E1.1.1 Average (AVG)

The average (AVG) is calculated by multiplying the grade of each course by the number of credits of the course, then dividing the sum of the results (QPTs) by the total number of credits (AVG-Hrs). The highest grade in a repeated course is used in the calculation of the averages. Courses with indicators (A&E) are excluded from Earned (Ehrs) and Average (AVG-Hrs) credits.

E1.1.2 Grade Point Average (GPA)

All registered courses will be included in the computation of the student's cumulative Grade Point Average. The Grade Point Average (GPA) is the ratio of the number of points gained to the number of credit hours attempted.

The following is an example of a semester GPA computation:

COURSE	NUMERIC GRADE	LETTER GRADE	NO. OF CREDITS	HRS	QUALITY POINTS	TOTAL
Course 1	61	D	3	×	1	= 3
Course 2	92	A	4	×	4	= 16
Course 3	75	C+	3	×	2.33	= 6.99
Course 4	79	B-	3	×	2.67	= 8.01
Course 5	59	F	1	×	0	= 0
			14			34

The semester GPA = Total semester quality points/Total semester credit hours attempted.

The semester GPA for the five courses stated above would be: $34/14 = 2.42$. Courses in which grades IP, I, P or R, and PR or RR have been given are not counted in computing the GPA. Similarly, W, AW, WW, FW, T, U, and G are not counted in computing the GPA.

The student has to ensure a minimum of 2.0/4.0 or a C on the Undergraduate level (3.0/4.0 or a B in Sciences and in Health Fundamental Sciences - Medicine) and 3.00/4.00 or a B on the Graduate level.

E1.2 Alphabetical Grading

Grade "A": indicates work of excellent quality. It is valued at four quality points for each credit hour.

Grade "B": indicates work of good quality. It is valued at three quality points for each credit hour.

Grade "C": indicates a satisfactory achievement. It is valued at two quality points for each credit.

Grade "D": indicates the minimum passing grade, and is indicative of poor performance. It is valued at one quality point for each credit hour.

Grade "F": indicates an unsatisfactory performance in the course. It has zero quality points. No credit will be added to the student's record.

"IP" for In Progress

The grade IP is attributed for a course in which the student is given additional time to complete all of its requirements. If it is deemed valid by the concerned teacher, in some exceptional circumstances, and after the approval of the Head of Department, the IP grade can be attributed to a course if it is administratively feasible. Therefore, the student is given additional time to complete all of its requirements. This delay should not exceed the deadline of the registration period of the following semester.

"I" for Incomplete

The temporary grade I is attributed by the teacher to a course when the student did not attend for the final evaluation, for justified and accepted reasons (not passing the final examination, internship report, presentation of final project, etc.).

On the grades transcript given by the teacher, the notation I is accompanied by the preliminary grade over 100 (i.e. I50, I60, etc.), which will then be considered as the final grade if the student does not fulfill his/her obligations, by the date limit fixed by the University Academic Calendar. It is impossible to change this grade; it is the responsibility of the student to pass his/her remedial examination or deliver his/her work on time.

"W" for Withdraw

The grade W is attributed to a course, when the student drops it within the allotted time fixed by the University Academic Calendar. This can be justified when the student considers that his/her mid-term grades will not allow him/her to pass the course; his/her average grade will not, therefore, be affected.

N.B.:

- A student cannot withdraw from a course if this requires him/her to exceed the deadline in order for graduation.
- Absence during mid-terms or finals does not lead in any case to withdrawal from the concerned course.
- A student who repeats a required course in his/her program for the third time cannot withdraw from it. He/she cannot withdraw from a remedial course if it is the second time he/she is repeating it.
- A student who exceeds the allowed number of absences must withdraw from the course; otherwise, the course grade will be assigned as FW or R or RR depending on the type of the course.
- A student who withdraws from a course during a semester/Summer session cannot apply for a scholarship for the next semester/Summer session, even if he/she fulfills all the required conditions.
- A student who withdraws from a course will have to pay all his/her University fees, as they were calculated during his/her registration. This means that a withdrawal does not lead to any modification of University fees.
- Withdrawal from a course may be rejected if the number of credits falls below the minimum of 12 credits upon withdrawal for Undergraduate studies and a minimum of 6 credits for Graduate studies. For the Summer session, the minimum number of credits is 3 credits.

“WW” for Term Withdraw

The grade WW is only attributed by the University administration when the student drops all his/her courses for major reasons keeping him/her from continuing the semester; such as, serious health problems, traveling, etc.

In order to obtain the Term Withdraw, the student has to officially apply for it by completing a specific form and submitting it to the Registrar Office. If the withdrawal is not officially completed, related teachers will give the student a “Fail to Withdraw” grade in every course.

N.B.:

- A student who gets a “WW” grade, will have to pay all his/her University fees as they were calculated during his/her registration; meaning that an administrative withdraw will not lead to any modification of University fees.
- A student cannot withdraw from a course if this requires him/her to exceed the deadline in order for graduation.
- A student who repeats a required course in his/her program for the third time cannot withdraw from it. He/she cannot withdraw from a remedial course if it is the second time he/she is repeating it.
- A student who withdraws from a course during a semester/Summer session cannot apply for a scholarship of excellence for the next semester/Summer session, even if he/she fulfills all the required conditions.

“AW” for Administrative Withdraw

This grade is only attributed by the University President or the Council of Discipline in case of violation of the regulations.

N.B.: A student who gets an AW grade, will have to pay all his/her University fees as they were calculated during his/her registration; meaning that an administrative withdraw will not lead to any modification of University fees.

“FW” for Fail to Withdraw

The FW grade is given for a course which the student stopped attending without having officially undergone the “Withdraw” procedure – or because he/she did not get the authorization to withdraw. This FW grade is taken into account when calculating the average grade and is equivalent to 40/100.

N.B.: A student who gets a FW grade will have to pay all his/her University fees. This means that a “Fail to Withdraw” grade does not lead to any modification of University fees.

Students who get the grade FW on all their courses during a semester will be excluded from their program of studies at the end of the semester.

“P” for Pass and “R” for Repeat

The grades P and R are given with particular courses, such as internships, etc. These courses are assessed with a non-numerical grade; as a result, they will not be taken into consideration while calculating the general average.

“PR/RR” for Pass Remedial / Repeat Remedial

This grade is attributed to the remedial courses (languages or mathematics courses).

“T” for Transfer

The grade T is given for validated transferred courses. A student cannot repeat a transferred course by registering for its equivalent in the Holy Spirit University of Kaslik.

“U” for Ungraded Attendee

The grade U is given for a course in which the student is registered as a free attendee, after the approval of the Head of Department and the Dean/Director. An Ungraded Attendee does not undertake the examinations of the course he/she is registered in. No grade can be converted into a “U” and vice versa. No “U” grade can be converted into a numerical grade. Failing to attend will result to an “R” grade.

“G” for Granted

The grade G is given for a number of credits of validated courses in the context of a diploma/degree, which means that the courses are granted and students pursuing a higher diploma/degree would not have to repeat them.

E1.3 Distribution of the Final Grade

The overall grade is usually distributed as per the following scale knowing that on these percentages can vary between courses; however, they are defined and announced to the students during the first given sessions of the course. Nevertheless, the evaluation criteria are mentioned in the course syllabus distributed to the students in the beginning of the semester.

- **Attendance and Participation:** 10% it encourages participant’s active discussions.
- **Continuous assessment:** 50% it includes projects, assignments, research papers, mid-term; these are central indicators for student integration and understanding of the material learned thus providing reinforcement of work learned in class and helps students to get an idea of the work pace for later.
- **End of semester evaluation:** 40% Final examination (cannot exceed 45% of the final grade)

N.B.: It is noteworthy that this evaluation is applicable for courses given as lectures “C”, Tutorial Classes “TD”, Practical Works “TP”, in addition to Courses and Practical Works “CTP”. As for Projects “P”, Theses “TH”, Corporate Internship or Medical Internship “S”, and Seminar “SM”, they sometimes follow a specific regulation limited to the final assessment of the course (presentation of the final project, thesis defense, internship report, etc.).

The required passing grade to validate each course of a certain program is mentioned in the University catalog. In general, the passing grade of an undergraduate course is D (60/100) or P and for a graduate course is C (70/100) or P. Some courses may require a higher grade in order to meet degree program requirements.

The student can, for valid and justified reasons, be absent for a number of teaching hours equal to three teaching weeks (20% of the course’s number of hours; i.e. 9 hours (6 sessions of an hour and 15 minutes each) for a three credit course or 6 hours for a two credit course (4 sessions)).

Every student who exceeds the authorized limit of absences will not be allowed to present his/her final exam and will be given the grade FW (Fail to Withdraw).

The assessment of each requirement should be calculated over 100 and then balanced according to the percentage of each criterion, following the example below:

Evaluation Criteria	Grade over 100 Given to the Student	Final Grade over 100	
		Percentage	Obtained Grades
Positive Participation	90/100	10 %	9/10
Projects and Research	80/100	10 %	8/10
Continuous Assessment	85/100	10 %	8.5/10
Midterm Exam	85/100	30 %	25.5/30
Final Exam	90/100	40 %	36/40
Total			87/100 (A-)

Students who have failed a course requirement (exam, test, report, etc.) will be given the failing grade “Zero” for the requirement by the teacher. The sum of the obtained grades should reflect the learning outcomes.

E1.4 Disclosure of Grades to Students

Prior to the withdrawal deadline from a course, (date indicated in the Academic Calendar), a student has the right to know all his/her grades (participation, attendance, research and/or projects, midterms, quizzes, etc.) in order to decide whether he/she wants to drop a course or not before the final exam. Therefore, it is necessary that the teacher discloses from 60% of the grades to the students before the 12th week of the semester, so they can decide whether they should continue with the withdrawal process. The instructor is also required to give a qualitative feedback on the presentations prepared by the students and to advise them on the ways and means to advance and achieve the objectives of the course. Students can obtain their final grade from the Banner Self-Service after they have completed the “Course Feedback Survey” (an assessment of the teachers of all their courses), before the deadline. If students do not meet this deadline, they will be obliged to complete the assessment in order to remove the “CFS Hold”. In the 13th week of the semester, students will be asked to complete this evaluation by email.

E2. Academic Standing

All students are expected to maintain certain standards of academic achievement while enrolled in the program. Students have to check their academic position at the end of each semester by looking at their Banner account.

E2.1 Academic Recognition

The university has assigned Academic Recognition policy enabling to identify and acknowledge students’ excellent and distinguished progress.

Students who complete at least 12 credit hours in a semester (not including summer), with a GPA in the range of 3.67 to 3.99, are placed on the Honor List and with a GPA of 4.00 are placed on the Distinguished List.

The above applies, provided that students have no incomplete grades, nor is their cumulative GPA below 2.00. Courses taken on a Pass/Repeat basis are not considered among the 12 credit hours.

Upon graduation, degrees are awarded with Honors, Distinction, and High Distinction according to the below:

GPA	Grade/100	Academic Recognition
3.67-3.99	87 – 89	Honors

4.00	90 – 92	Distinction
4.00	93 and above	High Distinction

E2.2 Academic Probation

Students are placed on academic probation when their work has dropped below a satisfactory level, at any time, irrespective of incomplete grades or withdrawals.

A student is in academic probation if the student's cumulative GPA is:

- Less than 2.0 (70/100) for a student registered in a Bachelor Degree, a Bachelor of Engineering or a Diploma of Agricultural Engineering, excluding Summer Session.
- Less than 3.0 (80/100) for a student registered in a Bachelor of Science in Health Fundamental Sciences (Faculty of Medicine and Medical Sciences), excluding Summer Session.

During the Summer Session, the student in a probation situation has the right to register only in the failed courses.

Students taking intensive English courses are not subject to the normal probation rules. However, students may not stay in intensive English courses more than a total of two regular semesters and one summer, after which they must leave the university. They can come back only after passing the EEE or TOEFL.

A student on probation is advised to repeat courses in which he/she received a grade of F or less than D, as soon as possible, and may not carry more than 12 credits in a semester.

E2.3 Disciplinary Probation

A student may be placed on disciplinary probation upon decision of the Council of Discipline.

E2.4 Academic Suspension/Exclusion

A student is excluded from the program he/she is registered in for one of the following reasons:

- **Faculty of Medicine:** A student is definitively excluded from the Faculty of Medicine when he/she receives the second consecutive probation warning, except for Summer sessions.
- **Other Faculties/Institutes:** A student is definitively excluded from these Faculties when he/she receives the third consecutive probation warning, except for Summer sessions in Undergraduate studies and the second consecutive probation in Graduate studies;
- If he/she fails to validate his/her academic program within the established time limit;
- If he/she fails a required course three times in Undergraduate programs and twice in Graduate programs;
- If he/she fails a remedial course two times in undergraduate programs and once in Graduate programs;
- If he/she fails/obtains the grade FW on all the courses during a semester following a non-official suspension of studies;
- If he/she suspends his/her education without officially informing the administration, by submitting the appropriate form to the Registrar Office.

A student who is excluded from the academic program can submit a change of program request to another program offered by USEK. However, the grade of his/her exclusion will still appear on his/her academic file. An administrative measure of temporary suspension can be taken by the University President.

E2.5 Administrative Suspension/Exclusion

An administrative measure of temporary suspension can be taken by the University President.

A student can be excluded from USEK, based on an administrative decision of the University President or the University Council of Discipline. The decision will define the nature of the exclusion and its implication on the

academic level. The grade of a student's exclusion will appear on his/her academic file. The student will get the grade AW (Administrative Withdraw).

E3. Rules for Final Examinations

Students are expected to take final exams at the times scheduled on the Academic Calendar. Students will need their Student Card to enter the examination room and will have to sign a register of attendance.

Any cheating, or attempt to cheat, during the examination will inevitably lead to the annulment of the student's exam. The concerned student will not be entitled to a make-up exam (or for a second session for Faculty of Law students). The proctor has the right to withdraw his/her copy and to ask him/her to leave before informing the Administration immediately. Additional measures can also be taken by the University Council of Discipline.

A student who does not show up for the exam, for any reason, is given, by the teacher, the failing grade of **zero** or R/RR. If this absence is due to special justifiable circumstances, such as:

- Death of a family member or relative;
- Hospitalization, attested by a medical report from the hospital;
- Serious accident, attested by an official report from a sworn expert;

then the student can present a petition with supporting documents at the Student Affairs Office.

Faculty of Law students, having benefitted from a make-up examination, cannot benefit from the 2nd session. Such, free of charge, petitions must be presented to the Student Affairs Office within 24 hours after the missed exam. The request will be ignored in the case of a recurrence and a student who has showed up for the exam cannot, in any case, present a petition.

Midterm examinations will be organized during the semester for the concerned Faculties/Institutes. The aforementioned rules for the final examinations also apply to the midterms.

E4. Request to Review a Grade

The student has the right to ask, within the deadlines set on the Academic Calendar, for his/her grade to be re-examined through the means of a specific form available at the Registrar Office. After this period, no recourse, even a justified one, is possible.

A student can ask for the re-examination of two grades, at the most, per semester or Summer session. The fee for requesting a grade review is payable to the Accounting Office - Student Services Department. This fee, which sum is fixed by the University and is indicated on the website, is returned to the student if the review outcome is positive for the student.

The only acceptable requests for a grade review are as follows:

- In case a mistake occurred while adding up the grade;
- In case a mistake occurred while copying the grade.

The student should present his/her request/s to the Registrar Office with a receipt as proof of full settlement. He/she has to present the receipt for refund in case the review outcome is positive.

The teacher concerned will write down his/her decision on the exam review request form and change the grade if necessary. After that, the form is successively presented to the Head of Department and the Associate Dean, in order to give their approval by signing the document. In case of conflict, the request is submitted to

the Faculty/Institute Council which will take the final decision. It is eventually submitted to the Registrar Office for processing.

F. Program and Campus Related Rules and Regulations

F1. Change of Academic Undergraduate Major or Emphasis

A student wishing to request a change of major or emphasis during his/her studies should submit a request at the Registrar Office according to the deadline set on the Academic Calendar. Any change of major or emphasis enters into force in the following semester.

For changing major, the admission conditions related to the new major must be respected or else switching programs will be refused. The approval of the hosting Academic unit is required, according to the student's admission test results and his/her academic journey, is required.

A change of program to the faculty of Engineering is conditioned by the validation of a minimum of 30 credits and a GPA greater or equal to 80 (Required by the Faculty).

Students have the right to switch major or emphasis once.

The credits of the initial major, related to common and equivalent courses, are validated by the new chosen major.

After changing the major, the average taken into consideration to determine the student's academic status (probation, obtaining the diploma/degree, etc.) is the overall Grade Average. The entire academic performance of the student is displayed on the grades transcript.

The academic status of a student is calculated according to the number of credits validated by the new programs major and will be taken into consideration for the period during which the diploma/degree is being obtained.

F2. Declaration of Double Major

To declare a double major, students in good academic standing should submit a request at the Registrar Office. The request requires the approval of the Head of the department offering the primary major and the approval of the Head of the department offering the second major.

Students must meet minimal course and grade requirements, as determined by the Head of the department offering the second major, or have to go through the required admission procedure (when needed) in order to be accepted into the desired major.

A student can enroll in a double major under the condition of not having to validate any remedial course. He/she must define the priority program and the secondary program.

Within a program, the student can apply for another program that will be considered as secondary, in case he/she validated all the needed remedial courses. Therefore, he/she will have to pass the admission test of the new program.

Double majors have to include more than 50% of dissimilarity in the number of credits with the exception of the double major; Bachelor of Arts in Theology and Philosophy.

A student in a probation situation in his/her priority program cannot apply, simultaneously, to another program.

N.B.: *Medicine, Architecture, Engineering, Agricultural Sciences and Law programs cannot be secondary programs.*

F3. Declaration of Double Degree

To declare a double degree, students in good academic standing should submit a request at the Registrar Office after completing 30 credits in the first declared major. The request requires the approval of the Head of the department offering the primary major and the approval of the Head of the department offering the second degree.

Students must meet minimal major course and grade requirements, as determined by the Head of the department offering the second degree, or have to go through the required admission procedure (when needed) in order to be accepted into the desired program.

F4. Declaration of Academic Minor

To declare a minor, students in good academic standing should submit a request at the Registrar Office. The request requires the approval of the Head of the department offering the primary major and the approval of the Head of the department offering the minor. However, no student can declare a minor in his/her first year of study and in the same discipline of his/her major.

Students must meet minimal course and grade requirements, as determined by the Head of the department offering the minor, to be accepted into the desired minor.

F5. Change of Campus

The student who wishes to change his/her campus, without changing his/her academic program, should submit a request at the Registrar Office, located in the University Kaslik campus, by the end of the 13th week of the semester at the latest. This procedure must be followed in order to switch from a Regional University Center to the Kaslik campus or vice versa.

Students already registered in one of the three Regional University Centers who benefit from a 20% reduction on their tuition fees, will not benefit from this grant, once registered in the Kaslik campus. However, students already registered in the Kaslik campus will be able to benefit from the 20% grant, when switching to one of the three Regional University Centers.

F6. Interruption of Studies and Re-admission

A student who wishes to temporarily suspend his/her studies must submit a request to the Registrar Office. During the interruption of studies, the concerned student is considered as an “inactive student”.

Students who interrupted their studies for less than two years and are willing to pursue again their curriculum at USEK are granted automatic re-admission to their major, after the submission of a Readmission request, as long as the interruption is not due to academic probation or disciplinary exclusion.

Students who interrupted their studies for more than two years and are willing to pursue again their curriculum at USEK, shall submit a re-admission request to the Registrar Office. The previously earned courses will be subject to re-assessment, in alignment with the University Catalog, by the concerned department.

Students who interrupted their studies and earned credits in another Higher Education Institution during the interruption period may submit a request for credits transfer to the Registrar Office, in accordance with the rules and regulations of Admission on File Transfer.

N.B.: *An Interruption of studies can only be granted to a student once during his/her university curriculum.*

G. Graduation Requirements

G1. General Graduation Requirements

The graduation requirements for degrees offered vary between the levels of Undergraduate and Graduate studies, in addition to specific criteria related to the type of degree granted within the same level.

The graduation criteria for the Undergraduate students include reaching the required number of credits, fulfilling the minimum and maximum duration of studies that vary from 3 years to 7 years, passing all the required courses, fulfilling all the General Education requirements, having a total grade average not less than 70/100 and not being in probation.

The graduation criteria for Graduate students include reaching the required number of credits, fulfilling the minimum and maximum duration of studies that vary from 2 semesters (1 year) to 8 semesters (4 years), passing all the required courses, drafting and defending his/her thesis, having a total grade average not less than 80/100 and not being in probation.

For Transfer students, the total amount of external credits added to the credits transferred upon the student's admission, shall not exceed 49 % of the total required credits. The courses attended in Lebanon, even though in another university, should not be taught within the student's original Academic unit during the semester in question.

The program requirements for all degrees are described in the University Catalog.

G2. Duration of Studies and Courses Validation

The recommended durations of study, specified in the educational contract of each academic program, are defined for the Undergraduate degrees as follows:

- **Bachelor Degree:** between 3 years and 5 years, consecutive.
- **BA in Theology:** between 5 years and 7 years, consecutive.
- **Bachelor of Engineering:** between 5 years and 7 years, consecutive.
- **Diploma of Agricultural Engineering:** between 5 years and 7 years, consecutive.
- **Bachelor in Health Fundamental Sciences:** between 3 years and 4 years, consecutive.
- **Master:** between 2 years and 4 years, consecutive.
- **Diploma in Interpretation:** between 2 years and 4 years, consecutive.
- **Doctor of Medicine M.D.:** between 4 years and 6 years, consecutive.

G3. Issuing Degrees

To certify that a student has succeeded in a program, USEK delivers 1 diploma/degree on parchment. The parchment is labeled in both Arabic and English languages.

However, fees, which are available on the University website, are required for each certified document from the related authorities. Therefore, a student has to pay these fees at the Students Accounting Desk for every request for an official document (and/or a true copy):

Official registration certificate (in English, French and/or Arabic).

Official diploma certificate (in English, French and/or Arabic).

Official academic transcript (delivered in English only).

G4. Graduation Procedure

At the end of each semester, the University proceeds with the graduation of the final year students who have met the degree requirements.

However, students have the right to postpone their graduation in case they were willing to increase their GPA or finalize a Minor. In order to do so, students should submit a request at the Registrar Office to postpone the graduation procedure as soon as they receive the notification of the ongoing graduation process. The Academic unit to which students are affiliated should approve the suspension request.

G5. Procedure for Issuing Diplomas/Degrees

In their diploma request (parchment, degree certificate, academic transcript) presented online or to the Registrar Office, students should make sure the personal data included in their file (name, surname, date and place of birth, etc.) is correct, and then, in case of error, proceed with the necessary corrections (especially uppercase, lowercase, accents, spaces). Students are required to submit legal documents justifying their modifications. If this is not the case, the parchment will be automatically printed and a financial penalty will be applied to any request for modification.

G5.1 Collection of a Diploma/Degree (Parchment) and Certificates

Students should collect their degrees and certificates from the Registrar Office. They are required to collect in person, submit their national identity card and sign a special register.

A student who cannot collect these documents in person, for any reason, could delegate a representative, by completing the Letter of Authorization to Release Information or by sending an email to the Registrar official email address registrar@usek.edu.lb.

National and international mailing services are ensured, in case of need, through the Registrar Office.

USEK reserves the right not to deliver a student's degree and certificates if he/she is in any irregular situation with the Library and/or the Financial Administration.

G5.2 Diploma Replacement Request (Duplicate)

Graduates who have misplaced, lost or damaged their original diploma may request a replacement one, in person only, by completing the Replacement Diploma form available at the Registrar Office.

If the diploma is lost, the graduate requesting the duplicate must certify on the Replacement Diploma Form that this duplicate will be returned when the original is found. In case the original diploma is damaged, evidence must be provided. The new diploma will be issued with the same date as the original diploma.

The newly issued diploma will bear include the wording "Duplicata" stating that the document is a replacement of the originally issued one.

The diploma replacement fee is payable by cash (in person only), by check made payable by MasterCard, or Visa.

The replacement diploma will include the signature of the incumbent concerned authorities.

If the graduated student wishes that the replacement diploma displays his/her name in a different spelling than the one mentioned on his/her original diploma or the one in his/her records, he/she must submit a Personal Information Correction Form along with the Replacement Diploma Form. The Personal Information Correction Form must be accompanied by the official documentation of his/her new legal name (court order, passport or Lebanese ID).

A new parchment may be issued when any typo mistake except those related to the graduate's personal information is found in the original diploma. The new parchment will be handed over to the concerned person, in exchange for the originally issued one without any additional fees.

G6. Initiation of Procedures and Official Documents Withdrawal

The procedures must, unless otherwise stated, be initiated by the student in the Registrar Office. He/she must then settle the fees at the Students Accounting Desk and will receive an SMS and an email once the document is ready.

The student may, if he/she wishes, delegate a third party to initiate a procedure or retrieve the requested documents. He/she will then mandate officially the Registrar Office by a signed letter or by sending an email to registrar@usek.edu.lb.

H. Student Responsibility and Ethical Conduct

H1. Positive Participation

Positive participation is required for courses, practical activities, directed activities, laboratory sessions, etc.

Absent students are held responsible for the work done and/or announcements made during the skipped session of a course.

Students who exceed the allowed number of absences must withdraw from the course; otherwise, the course grade will be assigned as FW or R or RR depending on the type of the course.

A student who does not show up to all his/her courses for more than three consecutive weeks will be considered by the administration as having resigned; he/she will be given the grade FW (Fail to Withdraw) in all his/her courses and will be consequently excluded from his/her academic program at the end of the semester. However, the student can present a readmission demand to the Academic unit in order to continue his/her education, starting from the following semester (a readmission form must be presented to the Registrar Office). The Dean of the Academic unit gives his/her opinion; however, the readmission request can be refused by the Admission and Transfer Committee.

If the student justifies the exceptional circumstances of his/her absence to all the courses for three consecutive weeks, he/she can apply for an Administrative Withdraw by presenting the appropriate form to the Registrar Office.

H2. Academic Integrity

Academic integrity is at the core of University learning and is compromised by plagiarism and fraud.

H2.1 Plagiarism

Plagiarism consists of someone pretending that other people's ideas and statements are his/her own. For example, plagiarism cases comprise:

- Copying texts or parcels of texts without indicating they are borrowings and without citing their source;
- Omitting to cite the source of a paraphrased or summarized text.

H2.2 Fraud

Fraud cases include for example the following situations:

- To present, under one's own name, a text partially or entirely prepared by someone else;
- To borrow, buy, sell or lend a text that is to be presented for a course;
- To submit the same text in more than one course;
- To receive or give help or information from, or to, another student during a test or an exam;
- To use unauthorized material during a test or an exam;
- To present, during a test and under one's own name, a text partially or entirely prepared by someone else;
- To submit false information in a work or a report;
- To obtain the questions of a test or exam in an unauthorized way;

- To pretend to be someone else during a test or an exam, or let someone else do the test or the exam.

A student who commits plagiarism or fraud will be given the grade FW on the plagiarized work or the exam during which the fraud was committed. The teacher must report this fraud to the Dean/Director, who will have to evaluate its gravity before deciding whether he/she wants to submit the case or not to the University President; the latter will therefore be able to refer the case to the Council of Discipline.

H3. On Campus Code of Ethics

This Code of Conduct on Campus of the Holy Spirit University of Kaslik is the complement of institutional and academic rules defined by the statutes and regulations in force at USEK. It determines the main rules, which are to be observed by all on the campuses of the University, in order to generate and maintain a common life of respect, and to create an amenable atmosphere conducive to studying. It defines certain necessary limits and imposes certain duties and obligations.

USEK students on campus are required to comply with all instructions, established by this Code of Conduct.

H3.1 Political Activities

Political student elections are definitely forbidden at USEK. In order to get permission for the below, within the different campuses of the University, prior written consent of the Vice President for Community Life, in response to an explicit prior written request, is needed:

- Public political debates
- Political meetings
- Billposting of political posters or posters related to a political party
- Distribution of political leaflets or leaflets related to a political party

H3.2 Use of the University Name, Its Acronym and Its Logo

The University name, used in any language, as well as its acronym "USEK" and its logo are the intellectual property of the University and are registered trademarks, protected by law. Any complete or partial use of the University name, its acronym or its logo, requires a prior written authorization from the Vice President for Community Life, under penalty of sanction.

H3.3 Billpostings and Leaflet Distribution

Distributing or billposting leaflets, notices and press releases by the members of the University community, within the various USEK campuses, is subject to the prior consent of the Student Affairs Office (or the administration for the University Regional Centers) and must not disturb the flow of teaching, research and administration activities.

Any distributed or displayed document must include the signature of its author and the seal of the Student Affairs Office (or the administration for the Regional University Centers), which represents its approval of the distribution or billposting. The author of any distributed or posted document, within USEK, remains the only person in charge of its content and/or ideas.

Document distribution or billposting by any foreign person must be subject to a prior authorization from the Vice President for Community Life (or the Director of the Regional University Center). Outside of the designated posting areas, any billposting, whatever its nature, is forbidden and can bring penalties against its author.

H3.4 Security and Hygiene

Members of the University community and any duly authorized persons can access the USEK campus. The Security personnel at the campus access zones are entitled to request, for precautionary measures, that all vehicles as well as individual bags are searched. Students are required to show their student identification cards to the security personnel, in order to access the campus.

The collective premises and equipment of the University are placed at the disposal of the students, within the limits of availability and office hours. However, users cannot access them unless under the supervision of an administrative or educational official, who is clearly appointed in accordance with the regulations in force. Users are required to be familiar with the security regulations and rules, which are posted within the premises.

Documents and devices, placed at the disposal of the students, must not be taken out of the University premises (specific rules apply to the Library, in this regard).

It is strictly forbidden to smoke on the premises, introduce substances harmful to health and public order, and consume alcohol within the University.

H3.5 Found Objects

The members of the University community, motivated by a spirit of solidarity and responsibility, are required to hand in found objects to the Student Affairs Office (or to the administration for the Regional University Centers). Moreover, in case of a loss, the Student Affairs Office should receive the depositions of the concerned persons. USEK cannot be held responsible for the loss or theft of an object belonging to a person within the campus.

In the case of a suspicious object, it is recommended that it should not be moved; University security agents should be informed as soon as possible.

H3.6 Behavior and Dress

Any damage caused to the premises and equipment of the University, as well as to private property belonging to a third party, thefts or theft attempts and verbal or physical violence within USEK, constitute behavior, which according to its severity, can result in an appearance of the author(s) before the University Council of Discipline.

The use of mobile phones is forbidden during courses, practical work, examinations and laboratory sessions, etc.

A suitable and decent dress is required within the University. Political signs worn ostentatiously or intended to trigger protests, are not allowed, be it of clothing or any other type.

H5. Appeal Procedure in the Application of Academic Regulations and Petitions

The student who considers that he/she was wrongly accused, can appeal against the decision taken on his/her behalf.

In order to do so, the student must refer to the Student Affairs Office which will give him/her the appropriate form related to his/her request/situation or ask him/her to write a petition (a petition cannot be accepted if there is a form concerning the same existing request).

The student will have to submit his/her petition at latest one week after the release of the official notification of the contested decision. This petition is submitted free of charge.

The application of every appeal outcome is suspended until it is confirmed by the Student Affairs Office (SAO) which will communicate the relevant decision within ten working days after receiving the petition. The SAO final decisions are enforceable and have no recourse. The SAO makes sure the University regulations are applied.

Appendix 1. Practical Information for Students

1- USEK Student Card

This card identifies students registered at USEK. Therefore, they should always carry it with them, as it is necessary to access the University campus, classrooms, Library, examinations, conferences, sports center, etc.

Students should collect their card from the Registrar Office, after the registration period. While waiting for his/her card to access the campus, classrooms, Library, etc., the student should show his/her registration form.

Duplicate: In case of loss of the card, a duplicate can be made by the Registrar Office and the student should participate in the reproduction cost fixed by the University and indicated on the University website.

Validity: After graduation, the USEK Student Card remains valid. Alumni will be able to access the campus by showing their ID cards on all USEK gates.

2- USEK E-mail Account

Every student is issued with a unique USEK e-mail account which is the official means of communication between the University administration, faculty members and students.

Once the registration is completed, an USEK e-mail account will be created automatically as follows:

FName.InitialOfFather'sName.LName@net.usek.edu.lb

N.B: For security reasons, students should change their default password.

Access to the email account is made available through connecting to "Webmail" which link is available on the University Intranet *MyUSEK* or through the USEK website. In case of problems or for further information, students can refer to the IT Service Desk.

3- Access to Banner Self-service

All students enrolled at USEK automatically benefit from access to the University Student Information System, the Banner Self-Service, which allows students to pre-register/register online, consult their academic transcripts, course catalog, course offering) as well as the financial account summaries.

The username used to access Banner Self-Service is the Student ID and the Pin code is the same password used to login to USEK e-mail.

Access to the Banner Self-service is made available through connecting to "Banner" which link is available on the University Intranet *MyUSEK* or through the USEK website. In case of problems or for further information, students can refer to the IT Service Desk.

4- Moodle E-Learning Platform

All USEK students automatically benefit from access to the Moodle E-Learning Platform adopted by the University to allow them to follow their courses in an interactive manner, rich in resources (posters, books, links, URLs, etc.), and activities (homework, forum, chat, tests, etc.).

The student can access the Moodle E-Learning Platform by clicking on the link in the University Intranet *MyUsek* and website, using his/her USEK account.

A user's guide can be accessed through the *e-learning* link on the University website and Intranet *MyUsek*.

5- Mahara E-Portfolio Platform

USEK adopted the e-Portfolio platform to help students, and also teachers and staff, in the process of creating a dynamic and engaging digital portfolio where evidence will be held of their professional achievements and developments, personal and educational.

6- Parking Information

USEK student parking lots are free of charge and accessible to all currently enrolled students.

Opening hours: Monday till Friday, from 7:00 am till 10:30 pm.

The student parking lots can be accessed using the student's active ID card. Students are not allowed to park longer than the specified opening hours without the proper authorization. Doing so, the student will lose his access privileges to the parking for a definite period of time.

In order to access the parking (entry and exit), the student should use only his/her student ID card. Trying to enter or exit the parking using another student ID card, the student will lose his access privileges to the parking for a definite period of time.

For safety reasons, cars will be searched.

Students are invited to properly park in the designated parking spots.

Students parked in the parking lots are required to comply with the parking regulations and Code of Conduct displayed at the entrance of the parking.

Not abiding by the parking rules and regulations may lead to a permanent loss of entry to the parking lots.

The University will not be responsible for any theft or damage to vehicles parked in the parking lots.

Students can refer, at any time, to the Director of Campus Safety and Security to inquire more about the parking and its regulations.

USEK reserves the right to change the parking policy at any given time and without prior notification.

7- USEK, Attentive to its Students' Comments

Within the framework of the development of teaching and learning process and administrative services, the Holy Spirit University of Kaslik encourages its students to share their suggestions or complaints and to participate in evaluations.

All students can send us their suggestions or complaints regarding the administrative functioning of the University as well as the quality of the provided services at the Student Affairs Office or by writing to administration@usek.edu.lb

8- An Evaluation System Available for Students

Students are required to fill, on the BLUE evaluation system adopted by USEK, the evaluation of each course they have completed during a semester. They cannot access their final grade without filling this evaluation.

This evaluation revolves around the following criteria, using a scale from 1 to 4:

- General evaluation of the course
- Teaching organization by the teacher
- Educational abilities of the teacher
- Evaluation of the learning method adopted by the teacher
- General opinion of the course and the teaching method

N.B.: This evaluation is strictly anonymous and confidential.

Students are also required to fill the BLUE evaluation "On-Campus Well-Being" at the end of each semester. This evaluation revolves around the administrative services provided by the University: student life, student services, library, restaurant, communication and telecommunication, etc.

Finally, all final year students having fulfilled the requirements to obtain their diploma are required to fill the "Graduation Survey" evaluation when they launch their diploma/degree request at the Registrar Office.
