**Ceremony for the inauguration of the Salim G. Sfeir Building.**

---

God Bless. It is a wish we exchange to underline a nice feeling one towards another. God's blessing is bestowed on a person when he/she witnesses goodness, serenity and joy. The blessing atmosphere is here around us in this evening.

We are in front of a successful person, Dr. Selim Sfeir who constantly shows goodness, serenity and joy. This is clearly revealed from his numerous acts of generosity in many fields in the society. Our university has benefitted from his good spirit in many regards. Many students yearly benefit from financial aid given by Dr. Sfeir. In addition, last November we opened the dealing room thanks also to his generous donation. And today we are gathered to celebrate the inauguration of Dr. Sélim G. Sfeir building; a building that is currently hosting the Faculty of business.

This structure has not only been enlarged to include a fourth floor, but has also been revamped to create green spaces and high-technology classrooms that further encourage our students and professors to give the best of themselves for the fulfillment of their mission.

I would like to express my sincere thanks and appreciation to a person that I am honored to consider a true friend to USEK and a brother to mankind

because of his complete devotion and unlimited generosity towards educating the youth of our country.

Dr. Sélim Sfeir, your financial contribution and your moral support mean a lot to us, and will leave marks in the daily life of our students, instructors and employees. And Having you as one of the Trustees of USEK fills us with joy. It is an opportunity for me to thank the Chair and all the members of the Board of Trustees many of whom are present here in the frame of a two day gathering to meet with the USEK family. Thank you for being so dedicated to the noble cause of USEK.

For all of that, we are all feeling goodness, serenity and joy. We feel the blessing of God. May he always bless us all. God bless.
