SUPPORT TO INNOVATIVE TRAININGS – AGENCE UNIVERSITAIRE DE LA FRANCOPHONIE (AUF)

The Agence Universitaire de la Francophonie (AUF) launched a new call for proposals to support the implementation or the strengthening of Master programs with a proven innovative and/or specific character. In the frame of these projects, the AUF will among others support student mobility, as well as teaching and expertise assignments. All selected projects will benefit from a financial support up to 15,000€.

The application deadline is **March 30, 2017**.

For more information about this call for proposals, please visit the following website:

<https://www.auf.org/appels-offre/appui-aux-formations-innovantes-2017/>

SCIENTIFIC COOPERATION PROJECTS PCSI – AGENCE UNIVERSITAIRE DE LA FRANCOPHONIE (AUF)

In order to develop cooperation schemes between higher education institutions members of the AUF, the Regional Office for the Middle-East provides teachers and researchers from the region with opportunities to submit multilateral cooperation projects focusing on research, development and technology transfer.

AUF Regional Office will support various projects addressing the themes targeted by this call for proposals, i.e. “Education sciences”, “Human sciences”, “Social sciences”, “Engineering”, “Law, Economics and Management”, “Environment, Energy and Water”, “Biology and Health”, “Mathematics”, and “Chemistry”.

The application deadline is **May 30, 2017**.

PHC CEDRE: 2018 CALL FOR PROPOSALS

The 20th call for proposals of the CEDRE Program, the Franco-Lebanese Hubert Curien Partnership (PHC) implemented by the French Ministry of Foreign Affairs and International Development (MAEDI), the French Ministry of National Education, Higher Education and Research (MENESR), the Lebanese Ministry of Foreign Affairs and the Lebanese Ministry of Education and Higher Education is open.

The goal of this call for proposals is to develop scientific and technological exchange between research laboratories in France and Lebanon. It aims at establishing a common scientific culture for both these partner communities and create sustainable links between teams or research laboratories. The allocated funding intends to fund the mobility of researchers committed to these partnerships, and more particularly of young researchers. The projects will be funded for a duration of two years.

The application deadline is May 31 at midnight.
