# Introduction

## Introduction

The Fact Book presents a global picture of the University, providing a snapshot of our operations and performances to both internal and external constituents. Our goal is to collect, analyze and disseminate data about various aspects of the University life. The collected data provides support for decision making, also plays a part in the University's strategic planning as it reflects the current status of the University, serves as a self-assessment tool and offers important information about the proficiency of the academic programs offered at USEK.

We wish to thank our colleagues in the University departments who assisted in collecting information for this Fact Book. As always, we encourage all comments, suggestions, and insights for future Fact Books.

Please do not hesitate to contact us on [oir@usek.edu.lb](mailto:oir@usek.edu.lb) and let us know how we can serve you better.

## About the IRA office

### Mission

The Institutional Research and Assessment Office (previously known as Quality Assurance and Institutional Effectiveness Office) supports the University to achieve its mission through various initiatives such as planning, assessing, and improving administrative and academic performance in alignment with international accreditation standards, where applicable. The office collects and analyzes data that is disseminated for decision making and reporting purposes.

### Vision

The vision of the Office is to become a national and regional model through assessment and Accreditation.

### Adherence to Quality Networks

# General Information

## USEK Background and Mission

### Background

USEK was founded in 1938 as an independent private Catholic institution, by the Lebanese Maronite Order (hereafter referred to as the “OLM”) who have served higher education in monasteries since the 18th century. Preceding the first Lebanese Law of Higher Education, put into effect in 1961, USEK was officially certified as a private higher education institution under the new law in 1962. Since 1997, the University has adopted the North American credit system in a move toward an American-style institution to facilitate students’ credit transfer and recognition locally and abroad.

### Mission

Since its founding, USEK has sought to contribute to the development of all its students through quality educational programs and research in various fields of study. By providing a high-quality American-style education to its students, and in accordance with Article 92 of the Constitutions of the OLM (ed. 2012), and the social teaching of the Catholic Church in universities, USEK prepares future leaders for innovation, professional growth and life-long learning in Lebanon, within the Middle East and throughout the world. USEK is committed to a faith-based educational development of its students rooted in the Catholic tradition whereby spiritual values and ethics as well as respect for cultural and religious pluralism are supported.

### History

- 1938** Founding of the OLM institution, a one-building scholasticate (now Building A) where theology, philosophy, letters and canon law were taught and continue to be taught today.
- 1962** Following the enactment of the law of higher education in Lebanon, the scholasticate became the Holy Spirit University of Kaslik (USEK).
- 1997** Adoption of the North American credit system
- 2000** Founding of three Regional University Centers in the North (Chekka), South (Rmeich) and Bekka (Zahle).
- 2012** Awarded evalag European institutional accreditation - renewed in 2017
- 2016** Awarded ABET accreditation for nine computing and engineering programs.
- 2017** Awarded evalag accreditation for the humanities and social sciences programs.
- 2018** Awarded ABET accreditation for two applied and natural sciences and the civil engineering programs.
- 2019** Implementation of the new academic structure: Faculty of Arts and Sciences, Pontifical School of Theology, School of Architecture and Design, Business School, School of Engineering, School of Law and Political Sciences, School Medicine and Medical Sciences.  
  
International Certification from the National Architectural Accrediting Board (NAAB) for the Master in Architecture program.  
  
Six-year full accreditation for the undergraduate Medical Education Program by the Association for Evaluation and Accreditation of Medical Education Programs (tepdad).
- 2021** Eligibility for Accreditation by the New England Commission of Higher Education (NECHE)

## Academics Units

The University has recently restructured its academic units, replacing its twelve faculties and three institutes with one faculty and six schools. A new academic structure was implemented in fall 2019.

The following table lists the university's academic units and their timeline:

## Accreditations, Evaluations, Rankings

### NECHE Eligibility

In April 2021, The New England Commission of Higher Education has determined that the Holy Spirit University of Kaslik is eligible to proceed with an application for candidacy for accreditation within two years. A determination of eligibility is not candidacy or accreditation, nor does it indicate a likelihood of eventual accreditation. Questions about eligibility and the accreditation process should be directed to the President of the Commission.

### Institutional Evaluation Program

In September 2009, USEK completed the Institutional Evaluation Program conducted by the European Association of Universities (EUA) and became the first university in the Middle East to conduct such an evaluation program. The Institutional Evaluation Programme (IEP) is an independent membership service of the European University Association (EUA), the representative organization of universities and national rectors' conferences in 47 European countries.

## European Institutional Accreditation

The European Institutional Accreditation was initially granted to USEK in December 2012 for a five-year period and was renewed for an additional five years in June 2017 by the Accreditation Commission of Evalag.

## MATRIX Accreditation for the Student Support Services

USEK became the first university in Lebanon and the region to gain accreditation for its student support services, which aims to ensure its commitment to offer high quality services to its students for their welfare on campus, and ultimately for supporting them in their learning, career, and life goals.

## Accredited Programs

### Applied and Natural Sciences

Two Science Programs are accredited by the Applied and Natural Science Accreditation Commission of ABET, <http://www.abet.org>, the global accreditor of college and university programs in applied science, computing, engineering, and engineering technology. The accredited programs are listed as follows:

#### Faculty of Arts and Sciences:

### **Architecture Program**

The term “International Certification” identifies a program as comparable in educational outcomes in all significant aspects to a program accredited by the NAAB in the United States and indicates that it provides an educational experience meeting acceptable standards, even though such program may differ in format or method of delivery. The designation is valid for six years beginning 1 January of the year in which the final visit (Visit 3) took place. In order to maintain the designation, the program must be visited again in the sixth year of the designation.

Schools with programs identified as holding NAAB International Certification are not formally “accredited” as that term is used with reference to programs in the United States and may not refer to their programs as “accredited” by the NAAB. However, students who graduate from internationally certified programs are able to apply for individualized review of their credentials on an expedited basis for purposes of the Educational Evaluation Services for Architects program administered by the NAAB on behalf of the National Council of Architectural Registration Boards.

The Holy Spirit University of Kaslik, School of Architecture and Design has received the International Certification designation from the National Architectural Accrediting Board for the following professional degree program: Master of Architecture degree (193 semester credit hours) – 2019.

### **French Equivalency of the Architecture Program**

By decision of the French Minister of Culture on April 24, 2018, the Diploma of Master of Architecture awarded by USEK’s School of Architecture and Design is recognized as being equivalent to the French Diploma in Architecture. This recognition was renewed on April 14, 2021, for a period of five years as of the academic year 2020-2021.

The French Diploma in Architecture allows its holder to practice as a salaried architect in France and offers the opportunity to enroll in the training course for “the training of the graduate architect to provide services in person”. This training provides those who undergo it with the opportunity to be enrolled in the registry for exercising the profession as an independent architect.

### **Social Sciences and Humanities**

In June 2017, eight Social Sciences and Humanities programs received the International Accreditation by the Accreditation Commission of evalag, EVALUATIONSAGENTUR BADEN-WÜRTTEMBERG <http://www.evalag.de>, known as a center of competence for quality assurance and enhancement and a source of support for higher education institutions and other scientific institutions, with commitment for good quality in teaching and learning, research and other services.

#### **Faculty of Arts and Sciences:**

- Education - Basic Education (BA)
- History (BA)
- Journalism and Communication (BA)
- Language and Literature (BA)
- Modern Languages and Translation (BA)
- Philosophy (BA)
- Psychology (BA)
- Social Sciences (BA)

### **Medical Education**

In 2019, the undergraduate medical education program offered by the school of medicine and medical sciences was granted full accreditation for six years, effective from January 2019 until December 2024, after being successfully evaluated by the Association for Evaluation and Accreditation of Medical Education Programs (tepdad). This success follows the Basic Medical Education: World Federation for Medical Education (WFME) Global Standards for Quality Improvement awarded in 2015.

### **Ongoing Accreditation - Business Programs**

USEK is pursuing excellence and continuous improvement throughout all its programs. With regard to the business programs, the USEK Business School is currently a candidate for AACSB Accreditation.

AACSB stands for the Association to Advance Collegiate Schools of Business - the global association of leaders in education and business, dedicated to supporting and advancing quality business education worldwide.

### **Rankings**

- Times Higher Education (THE) Impact Ranking - Lebanon 2021:
  - 1st for SDG 1 - No Poverty

# Library

“We are committed to build a culture that welcomes all and connects us with our patrons of today and tomorrow.

Our roadmap embarks on optimizing our resources and strengthening our discoverability”

Father Joseph Moukarzel, Library Director.

## Overview

USEK Library (<https://www.usek.edu.lb/library>) has upheld its academic support by preserving and conserving the Lebanese culture heritage in all its aspects (historical, religious, and philosophical) and formats (newspapers, manuscripts, rare books, archives, photographs, and maps etc.).

The library is fully automated and many of its resources, electronic resources, and reference services are accessible from off-campus, providing a virtual atmosphere that support research.

The library provides customized reference and instruction services through online channels (webinars through Microsoft Teams, emails, chat online), and in person to walk-in users and classes to promote a culture of information literacy at all levels.

Researchers from Lebanon and abroad frequently visit the USEK Library for its rich yet historical collections particularly on Lebanon and the Middle East. The USEK library opens a total of 40 hours per week.

The print and electronic collections are enriched on a regular basis to support the University Curricula.
