INTRODUCTION

The Fact Book presents a global picture of the University, providing a snapshot of our operations and performances to both internal and external constituents. Our goal is to collect, analyze and disseminate data about various aspects of the University life. The collected data provides support for decision-making, plays a role in the University's strategic planning by reflecting its current status, serves as a self-assessment tool, and offers important information about the proficiency of the academic programs offered at USEK.

We would like to thank our colleagues in the university units who assisted in collecting information for this Fact Book. As always, we encourage all comments, suggestions, and insights for future fact books.

Please do not hesitate to contact us at oira@usek.edu.lb and let us know how we can serve you better.

About the IRA Office

Mission

The Institutional Research and Assessment Office (previously known as Quality Assurance and Institutional Effectiveness Office) supports the University in achieving its mission through various initiatives such as planning, assessing, and improving administrative and academic performance in alignment with international accreditation standards, where applicable. The office collects and analyzes data disseminated for decision-making and reporting purposes.

Vision

The vision of the Office is to become a national and regional model through assessment and accreditation.

Adherence to Quality Networks

GENERAL INFORMATION

USEK Overview and Mission

Overview

USEK was founded in 1938 as an independent private Catholic institution by the Lebanese Maronite Order (OLM), which has served higher education in monasteries since the 18th century. Preceding the first Lebanese Law of Higher Education, put into effect in 1961, USEK was officially certified as a private higher education institution under the new law in 1962. Since 1997, the University has adopted the North American credit system in a move toward an American-style institution to facilitate students' credit transfer and recognition locally and abroad.

Mission

Since its founding, USEK seeks, and in accordance with the Article 92 of the Constitutions of the OLM (ed. 2012) and the social teaching of the Catholic Church on universities, to contribute to the development of all its students through quality educational programs and research in various fields of study.

By providing a high quality American-style education to its students, USEK intends to prepare future leaders for innovation, professional growth and life-long learning, in Lebanon, within the Middle East and throughout the world. USEK is committed to a faith-based educational development of its students rooted in the Catholic tradition whereby spiritual values and ethics as well as respect for cultural and religious pluralism are promoted.

History

- 1938** Founding of the OLM institution, a one-building scholasticate (now Building A) where theology, philosophy, letters and canon law were taught and continue to be taught today.
- 1962** Following the enactment of the law of higher education in Lebanon, the scholasticate became the Holy Spirit University of Kaslik (USEK).
- 1997** Adoption of the North American credit system.
- 2000** Founding of three Regional University Centers in the North (Chekka), South (Rmeich) and Bekaa (Zahle).
- 2012** Awarded evalag European institutional accreditation – renewed in 2017.
- 2016** Awarded ABET accreditation for nine computing and engineering programs.
- 2017** Awarded evalag accreditation for the humanities and social sciences programs.
- 2018** Awarded ABET accreditation for two applied and natural sciences and the civil engineering programs.
- 2019** Implementation of the new academic structure: Faculty of Arts and Sciences, Pontifical School of Theology, School of Architecture and Design, Business School, School of Engineering, School of Law and Political Sciences, School of Medicine and Medical Sciences. International Certification from the National Architectural Accrediting Board (NAAB) for the Master in Architecture program. Six-year full accreditation for the undergraduate Medical Education Program by the Association for Evaluation and Accreditation of Medical Education Programs (tepdad).
- 2021** Eligibility for Accreditation by the New England Commission of Higher Education (NECHE).
- 2023** Candidacy for Accreditation by the New England Commission of Higher Education (NECHE).

The University has recently restructured its academic units, replacing its twelve faculties and three institutes with one faculty and six schools. A new academic structure was implemented in Fall 2019.

NECHE Candidacy

USEK has been granted Candidate for Accreditation status by the New England Commission of Higher Education (formerly the Commission on Institutions of Higher Education of the New England Association of Schools and Colleges, Inc.). Candidacy for Accreditation is a status of affiliation with the Commission which indicates that the institution has achieved initial recognition and is actively working towards full accreditation .

Candidacy is not accreditation, nor does it guarantee eventual accreditation. Inquiries regarding the status of an institution affiliated with the Commission should be directed to the administrative staff of USEK. Individuals may also contact:

Institutional Evaluation Programme

In September 2009, USEK became the first university in the Middle East to complete the Institutional Evaluation Programme (IEP) conducted by the European Association of Universities (EUA). The IEP is an independent membership service offered by the European University Association (EUA), the representative organization of universities and national rectors' conferences in 47 European countries.

European Institutional Accreditation

The European Institutional Accreditation was initially granted to USEK in December 2012 for a five-year period by the Accreditation Commission of evalag. Re-accreditation visits were conducted in 2017 and 2023, thus re-awarding the evalag international label for Institutional Accreditation until 2029.

MATRIX Accreditation for the Student Support Services

USEK has become the first university in Lebanon and the region to achieve MATRIX accreditation for its student support services. This reflects the University's commitment to offering high-quality services that empower students to thrive on campus, excel in their learning journeys, and achieve their career and life goals.

Accredited Programs

Applied and Natural Sciences

Two science programs are accredited by the Applied and Natural Science Accreditation Commission of ABET, <http://www.abet.org>, the global accreditor of college and university programs in applied science, computing, engineering, and engineering technology. Why Accreditation Matters.

Architecture Program

The term “International Certification” identifies a program as comparable in educational outcomes in all significant aspects to a program accredited by the NAAB in the United States and indicates that it provides an educational experience meeting acceptable standards, even though such a program may differ in format or method of delivery. The designation is valid for six years, beginning on the first of January of the year in which the final visit (Visit 3) took place. To maintain the designation, the program must be visited again in the sixth year of the designation. Schools with programs identified as holding NAAB International Certification are not formally “accredited” as that term is used with reference to programs in the United States and may not refer to their programs as “accredited” by the NAAB. However, students who graduate from internationally certified programs are able to apply for an individualized review of their credentials on an expedited basis for purposes of the Educational Evaluation Services for Architects program administered by the NAAB on behalf of the National Council of Architectural Registration Boards. The USEK School of Architecture and Design has received the International Certification designation from the National Architectural Accrediting Board for the following professional degree program: **Master of Architecture degree (193 semester credit hours) – 2019.**

French Equivalency of the Architecture Program

By decision of the French Minister of Culture on April 24, 2018, the Diploma of Master of Architecture awarded by USEK's School of Architecture and Design is recognized as being equivalent to the French Diploma in Architecture. This recognition was renewed on April 14, 2021, for a period of five years as of the academic year 2020-2021.

The French Diploma in Architecture allows its holder to practice as a salaried architect in France and offers the opportunity to enroll in the training course for “the graduate architect to provide services in person”. This training provides those who complete it with the opportunity to be enrolled in the registry for exercising the profession as an independent architect.

Social Sciences and Humanities

In June 2017, eight Social Sciences and Humanities programs received the International Accreditation by the Accreditation Commission of evalag, EVALUATIONSAGENTUR BADEN–WÜRTTEMBERG <http://www.evalag.de>, known as a center of competence for quality assurance and enhancement and a source of support for higher education institutions and other scientific institutions, with a commitment to good quality in teaching and learning, research and other services.

- Education - Basic Education (BA)
- Journalism and Communication (BA)
- Language and Literature (BA)
- Modern Languages and Translation (BA)
- Philosophy (BA)
- Psychology (BA)
- Social Sciences (BA)

Medical Education

In 2019, the undergraduate medical education program offered by the School of Medicine and Medical Sciences was granted full accreditation for six years, effective from January 2019 until December 2024, after being successfully evaluated by the Association for Evaluation and Accreditation of Medical Education Programs (TEPDAD). This success follows the Basic Medical Education: World Federation for Medical Education (WFME) Global Standards for Quality Improvement awarded in 2015.

Ongoing Accreditation – Business Programs

USEK is pursuing excellence and continuous improvement throughout all its programs. Regarding the business programs, the USEK Business School is currently a candidate for AACSB Accreditation.

AACSB stands for the Association to Advance Collegiate Schools of Business – the global association of leaders in education and business, dedicated to supporting and advancing quality business education worldwide.

Rankings

• Times Higher Education (THE) Impact Rankings 2023:

President

Born in Hasbaya in 1970, Father Talal Hachem graduated with a Bachelor of Arts in Theology from USEK in 1998. In 2002, he obtained a Bachelor's degree in Law followed by a Masters' degree in Canon Law in 2004, both from the University of Strasbourg in France. He completed his PhD in Canon Law in Ottawa, Canada in 2009 with a thesis in Oriental Law entitled "The Juridical Situation of the Maronite Community in Montreal". In 2012, he decided to top his education with an MBA degree from HEC Montréal.

Father Hachem has held numerous positions on both national and international levels. In Dakar, Senegal, he served as director of School Notre Dame du Liban from 1998 till 1999. In Suresnes, France, he served as director of Arabic School and of the Spiritual Center for Lebanese Community

from 1999 till 2000. Then, between 2004 and 2010, he was the superior of the Monastery of Saint Anthony the Great in Montreal, Canada. Upon his return to Lebanon in 2010, he served as superior of Saint Anthony Monastery and Hospital in Beit Chabab until 2013. Father Hachem has also held several key academic positions at USEK where he was appointed Dean of the Faculty of Law in 2013, then Vice President for Community Life in 2016. In 2019, he was appointed President of USEK with a reappointment in 2022.

LIBRARY

"We are committed to building a culture that welcomes all and connects us with our patrons of today and tomorrow. Our roadmap embarks on optimizing our resources and strengthening our discoverability." Father Joseph Moukarzel, Library Director

Overview

The USEK Library (<https://www.usek.edu.lb/library>) has upheld its academic support by preserving and conserving the Lebanese culture heritage in all its aspects (historical, religious, and philosophical) and formats (newspapers, manuscripts, rare books, archives, photographs, maps, etc.).

Fully automated and accessible from off-campus, the library offers a wealth of electronic resources and reference services , providing a virtual atmosphere that supports research.

Customized reference and instruction services are provided through online channels (webinars through Microsoft Teams, emails, chat) and in-person to walk-in users and classes, hence promoting a culture of information literacy at all levels.

The library's rich historical collections, particularly on Lebanon and the Middle East, attract researchers from Lebanon and abroad. Open 40 hours per week, the library's print and electronic collections are continuously enriched to support the University Curricula.
