USEK

HOLY SPIRIT UNIVERSITY
OF KASLIK

Preface

Dear Friends and Colleagues,

It's with pleasure that I present to you the Holy Spirit University of Kaslik Fact Book 2013-2014.

This report is being published for the first time for the academic year 2013-2014 and it will be published yearly to highlight the progress and improvement of different areas in the University. The USEK Fact Book 2013-2014 includes statistics on students' enrollment, retention and graduation, course management, faculty and staff, student perception, international relations, research and other information about USEK.

The Fact Book serves multiple purposes: it provides support for decision making, it takes a part in the strategic planning since it reflects the current status of the University, it's a proof on the proficiency of the academic programs offered in USEK and it provides a snapshot on the different aspects and characteristics of USEK to both internal and external constituents.

I would like to express my gratitude to the colleagues from different units who took part in providing information for this book.

We would appreciate your feedback and comments to improve the quality and usability of this publication in its future releases. Please do not hesitate to contact us at qualite@usek.edu.lb and let us know how we can serve you better.

Georges Yahchouchi, Ph.D.
Deputy President for Quality Assurance and Teaching & Learning
